PROFESSIONAL SUMMARY

Aspiring Mechanical Engineering student with a strong interest in Mechanical Design, CAD Modeling, and Product Development. Quick to adapt, eager to solve engineering problems, and able to work effectively in team environments. Seeking an opportunity to contribute to a dynamic organization while building a successful career in Mechanical Design, Manufacturing, and Research & Development.

INTERNSHIP EXPERIENCE

SAIL Salem Steel Plant

Dec 2025 - Jan 2026

- Proud to have completed my internship at SAIL Salem Steel Plant
  The "real-world" side of Mechanical Maintenance at such a prestigious plant was an invaluable experience. From understanding complex machinery to observing industrial safety protocols, this internship has deepened my passion for the field.
