PROFESSIONAL SUMMARY

Enthusiastic and motivated B.Tech student in Artificial Intelligence & Data Science with a strong foundation in Java, Object-Oriented Programming (OOP), SQL, and Python. Hands-on experience developing academic projects using Java 17, including the application of collections, exception handling, and core OOP principles. Passionate about software development, eager to learn industry best practices, and seeking a Java Internship to apply technical skills while contributing to real-world projects in a collaborative environment.

PROJECTS

Academic Performance & Student Intelligence Dashboard

Built a web-based academic analytics dashboard for student performance monitoring with interactive charts, KPI dashboards, search, and filtering features using Python, Pandas, HTML, CSS, JavaScript, JSON, and Chart.js.

Bank Management System

Developed a Java 17 console-based Bank Management System using object-oriented principles, including classes, inheritance, encapsulation, collections, and exception handling; implemented account creation, deposit, withdrawal, balance inquiry, transaction history, search, display, and delete features with input validation and a clean menu-driven user interface.

SKILL

- **Programming:** Java, Python, SQL, OOP concept
- **Web:** HTML, CSS, React
- **Tools:** MS Office, VS Code, Eclipse, MySQL,Microsoft Excel

EDUCATION

Bachelor of Technology (B.Tech) in Artificial Intelligence & Data Science (Pursuing)
Sri Shanmugha college of Engineering and Technology ,Salem , Tamilnadu
Expected Graduation: 2027

Higher Secondary (Class XII)
Boys Higher Secondary School, Karunagappally
Percentage : 74%

EXPERIENCE

VOLUNTEER

- Assisted with special events and programs.
- Strengthened interpersonal communication skills by conveying information clearly to others.

TEACHER'S ASSISTANT

- Mentored and tutored individual students requiring additional support.
- Managed class records, including attendance, assignment grades, and participation scores.

Courseworks & Certifications

- EduSkills Tech Camp – Zscaler Zero Trust Cloud Security
- NPTEL – Programming in Java
- NPTEL – Cloud Computing
- Newton School – SQL Basics (Completed with Distinction)
