SUMMARY

Computer Science Engineering student with hands-on experience in software development, QA testing, and web application development. Focused on product development with strong interests in Java, SQL, backend systems, and scalable software solutions. Passionate about building efficient applications, solving technical challenges, and continuously improving development and problem-solving skills.

SKILLS

- Java
- SQL/MySQL
- Git & GitHub
- Node.js
- Software quality assurance
- HTML/CSS/JavaScript
- React
- Python

EXPERIENCE

Software Developer & QA Intern | Aakaam360 - Salem, Tamil Nadu, India | Jul 2025 - Apr 2026 (10 mons)

- Developed and maintained web applications using React.js, Node.js, Express.js, and MySQL.
- Collaborated with UI/UX designers to convert design concepts into responsive web pages.
- Performed software testing, bug tracking, debugging, and quality assurance activities.
- Integrated frontend components with backend services and databases.

PROJECTS

AI Mental Health Support Chatbot | React.js, Node.js, Express.js, MySQL

- Developed an AI-powered mental wellness chatbot providing supportive conversations and mood tracking.
- Implemented secure user authentication and real-time chat functionality.
- Integrated backend APIs and database management for storing user interactions.
- Designed responsive UI using React.js for improved user experience.

EDUCATION

Sri Shanmugha College of Engineering & Technology | Affiliated to Anna University, Chennai | 2023 - 2027

Bachelor of Engineering (B.E.) - Computer Science & Engineering

CERTIFICATIONS

- NPTEL – Compiler Design
- NPTEL – Cloud Computing
- Microsoft - Career Essentials in Generative AI
- NPTEL - The Joy of Computing using Python
- NPTEL – Introduction to Machine Learning
- EduSkills – Zscaler Zero Trust Cloud Security
- NPTEL – Operating System Fundamentals
