BHARATH KUMAR

QC CHEMIST | LAB SUPERVISOR

PROFESSIONAL SUMMARY

Experienced QC Chemist and Lab Supervisor with 7+ years of experience across textile, pharmaceutical, battery, explosives, and dyeing industries. Skilled in chemical testing, HPLC analysis, laboratory supervision, documentation, instrument calibration, and team coordination.

CORE SKILLS

QC Testing • Chemical Analysis • HPLC • Wet Chemistry • Spectrophotometry • GMP/GLP • SOP Documentation • Instrument Calibration • Team Coordination • Quality Documentation

PROFESSIONAL EXPERIENCE

Lab Supervisor | Anugraha Fashion Mills, Vattamalai, Tamil Nadu | 2021 – Apr 2026

- Supervised 6 lab chemists and maintained QC procedures for garment batches.
- Performed chemical analysis of dyes, auxiliaries, and fabric samples using wet chemistry and spectrophotometry.
- Prepared/updated SOPs, maintained calibration schedules and lab records, and coordinated with production on quality deviations.

Plant Supervisor | Raja Explosives, Tamil Nadu | 2020 – 2021

- Oversaw plant operations with focus on safety, quality standards, and production coordination.
- Conducted in-process quality testing of formulations and raw materials and maintained daily quality reports.

Lab Supervisor | JC Batteries, Tamil Nadu | 2019 – 2020

- Managed QC testing for lead-acid battery manufacturing, including lead oxide purity and electrolyte analysis.
- Maintained equipment records and trained junior technicians in analytical procedures.

Lab Chemist | Bannari Amman Dyeing, Erode, Tamil Nadu | 2018 – 2019

- Performed dye bath analysis, shade matching, and fastness testing according to AATCC and ISO standards.
- Maintained test records, COA documentation, and instrument logbooks.

QC Trainee | Phytogen Pharmaceutical, Tamil Nadu | 2017 – 2018

- Assisted with HPLC analysis, API quantification, volumetric solution preparation, raw-material sampling, and in-process testing.
- Supported SOPs, batch records, instrument logbooks, GMP documentation, audits, and CAPA activities.

EDUCATION & CERTIFICATIONS

B.Sc. Chemistry • Quality Management / laboratory-related training as applicable

INDUSTRIES

Textile / Garment • Pharmaceutical • Battery / Energy Storage • Explosives / Defence • Textile Dyeing

LANGUAGES

Tamil (Native) • English (Professional Proficiency)

ADDITIONAL

Open to relocation across Tamil Nadu & Pan-India • References available upon request
