ABOUT ME

A passionate and motivated Web Developer with hands-on experience in building web applications and websites. Proficient in HTML, CSS, JavaScript. Eager to contribute my skills to an innovative team while continuously learning and growing in the field of web development.

PROJECTS

Hospital management(HTML,CSS,JS)

Developed a responsive website using HTML, CSS, and Bootstrap, ensuring seamless user experience across devices. Designed dynamic product pages with Bootstrap components and custom CSS for unique styling and mobile compatibility.

Smart Recruitment Bot using RAG

Built a Smart Recruitment Bot using Retrieval-Augmented Generation (RAG) to match resumes with job descriptions, improving recruitment efficiency and accuracy.

MINI PROJECTS

Data visualization dashboard

Built an interactive web dashboard using HTML, CSS, and JavaScript to display dynamic charts and key metrics for data analysis. Integrated Chart.js for visualizations and implemented responsive, user-friendly design.

Personal portfolio website

Developed a responsive personal portfolio website using HTML, CSS, and JavaScript. Showcases skills, projects, resume, and includes a contact form with validation. Designed with a clean UI and optimized for all devices.
