OBJECTIVE

Electronics and Communication Engineering student with a strong foundation in Java, MySQL, and web development.Seeking an Associate Software Engineer opportunity to apply programming and problem-solving skills, contribute to software development projects, and continuously learn industry-relevant technologies.

EDUCATION

B.E – Electronics and Communication Engineering 2023 – Present
K.S.R. College of Engineering, Tiruchengode, Tamil Nadu
CGPA: 8.9 (Up to 6th Semester)

HSC – Sree Gokulam Matric Hr Sec School 2022 – 2023
Palaniyapuram, Tamil Nadu
Percentage : 83.83

SSLC – Saraswathi Matric Hr Sec School 2020 – 2021
Ayilpatty, Tamil Nadu

PROJECTS

Event Planner Website

- Designed and developed an online event planning platform with login and booking functionality.
- Utilized SQL queries for data operations and backend integration.
- Built a responsive interface for improved user interaction and accessibility.

Smart Campus Management System

- Developed a responsive web-based Smart Campus Management System with modules for authentication, attendance, timetable, notices, fees, events, and lost found..
- Implemented attendance analytics, fee tracking, search/filter features, and event countdown using JavaScript and Chart.js.
- Built a mobile-friendly UI and used Local Storage for persistent client-side data management.

Dynamic Traffic Signal Controller using Verilog HDL and SV Verification

- Designed a programmable traffic signal controller with adaptive signal timing and safety features.
- Developed RTL code and comprehensive testbench for functional verification.
- Verified design performance through simulation and waveform analysis

E-Commerce Order Management System

- Developed an e-commerce order management system to manage customers, products, shopping carts, and orders.
- Used Java, JDBC, and MySQL to store and manage product and order details.
- Implemented basic order processing, cart management, validation, and CRUD operations.

INTERNSHIP

Web Development Intern – Embuzz Technologies Pvt. Ltd., Salem June 2025

- Developed responsive web applications using HTML, CSS, JavaScript, and integrated SQL for data management.
- Improved user experience and application performance by working on real-time projects.

CERTIFICATIONS

- Certified Web Development – Embuzz Technologies Pvt.Ltd.,
- NPTEL- Introduction to industry 4.0 Industrial IOT with ELITE + SILVER
- Participated in Smart India Hackathon (Green and Safe Environment).
- Presented paper at National Symposium – Sri Ramakrishna Engineering College.

TECHNICAL SKILLS

Programming: Java
Web Technologies: HTML5,CSS
Database: MySQL
Tools: GitHub, VS Code
Soft Skills: Teamwork, Leadership, Time Management, Quick Learner
