SASHMITHA S

Electrical & Electronics Engineering

7094060272 | usersashmitha@gmail.com | Salem, Tamil Nadu

PROFESSIONAL SUMMARY

Electrical and Electronics Engineering undergraduate with a strong foundation in electrical machines, power electronics, electrical drives and control systems. Hands-on exposure to MATLAB/Simulink, embedded systems, PCB design and electrical automation through internships, projects and technical activities. Quick learner with problem-solving, teamwork and time-management skills.

EDUCATION

Government College of Engineering, Salem 2023 – 2027

B.E. Electrical and Electronics Engineering | CGPA: 7.87 (up to VI Semester)

Government Higher Secondary School, Chinthamaniyur 2022 – 2023

Higher Secondary Certificate (HSC) | 87.66%

TECHNICAL SKILLS

- **Electrical:** Electrical Machines, Power Systems, Power Electronics, Electrical Drives & Control, Basic Electrical & Electronic Circuits
- **Software & Tools:** MATLAB/Simulink, AutoCAD, PCB Design
- **Embedded Systems:** Arduino, ESP32, Sensors, Basic IoT and Automation

INTERNSHIPS / TRAINING

TANTRANSCO In-Plant Internship

- Gained exposure to electrical power transmission systems and utility operations.

Codebind Technologies Internship

- Received practical exposure to embedded systems and related development activities.

PROJECTS

Automatic Street Lighting System Arduino, LDR & IR Sensors

- Built an Arduino-based system using LDR and IR sensors to control lighting according to ambient light and vehicle movement.

IoT-Based Noise Pollution Analyzer ESP32

- Developed an ESP32-based project for sensing and monitoring environmental noise levels.

Voice-Controlled Home Automation System Embedded Systems

- Developed an embedded automation prototype for voice-controlled switching of electrical loads.

CERTIFICATIONS & ACHIEVEMENTS

- PPT Presentation on Internet of Things in Electrical Engineering – GCE Salem, March 2025
- Naan Mudhalvan Hackathon – Solar-Powered EV Charging Station, May 2025
- National Level Technical Symposium – ElectoX26-II Prize (Project Expo)
- Naan Mudhalvan Project Expo – IoT-Based Noise Pollution Analyzer Using ESP32
- Workshop on Electric Vehicle Technology

SOFT SKILLS

Effective Communication, Time Management, Adaptability, Quick Learning, Teamwork

LANGUAGES

Tamil – Native/Bilingual Proficiency | English – Full Professional Proficiency
