PROFESSIONAL SUMMARY

Motivated B.Sc. Software Systems graduate with a strong interest in software development and problem-solving. Passionate about building practical applications and learning new technologies. Seeking an entry-level Software Developer role to apply my knowledge and grow professionally.

TECHNICAL SKILLS

Programming: Python, JavaScript, SQL

Frameworks: Flask, Django, FastAPI

Database: SQL, Database Design, Data Management

Web Technologies: HTML, CSS

PROJECTS

Gesture Recognition System using Machine Learning

Technologies: Python, OpenCV, MediaPipe, Speech Recognition

- Developed a real-time gesture and voice recognition system using computer vision.
- Implemented hand tracking for cursor movement, clicking, and scrolling.
- Processed visual and voice inputs for accurate gesture classification.

Garment Industry E-Commerce — Data & Backend Systems

Technologies: HTML, CSS, JavaScript, SQL

- Designed a relational database for products, customers, orders, and inventory.
- Developed SQL queries for inventory management and product retrieval.
- Improved data integrity through efficient database design.

EDUCATION

B.Sc. Software Systems — Sri Krishna Arts and Science College | 2023–2026

CGPA: 7.0/10

HSC & SSLC — Metro Matriculation Higher Secondary School | 2021–2023

CERTIFICATIONS

AWS Cloud Practitioner Essentials — Amazon Web Services (2025)

HTML and CSS: Building a Single-Page Website — Coursera (2024)

Machine Learning using Autonomous Database — Oracle Certified (2025)

Fundamentals of UI/UX — Amypo Technologies (December 2024)

ACTIVITIES & PUBLICATION

Association Member, Department of Computer Science — Sri Krishna Arts and Science College

Member, Google Developer Student Club (GDSC) — Sri Krishna Arts and Science College

Published: "Hybrid Clustering Techniques for Smart City Traffic Analysis" — IJPR Journal

LANGUAGES

English (Fluent) | Tamil (Fluent) | Kannada (Conversational)
