# CHANDRU S

## App Developer

chandrusivappuraja@gmail.com | +91 6383900376 | Salem-TN

## PROFILE

I am an accomplished Flutter App Developer with over 1 year of experience in designing, developing, and delivering high-quality mobile applications. I have a proven track record of crafting efficient, scalable, and user-friendly solutions that align with business objectives. With a strong foundation in mobile app development and expertise in Flutter, I excel at analyzing requirements, designing intuitive user interfaces, writing clean code, and conducting thorough testing to ensure application performance. I am passionate about staying updated with the latest trends in mobile technology and continuously improving my skills to provide innovative solutions.

## SKILLS

- **Languages** :Dart, Java, C/C++, Python
- **Frameworks** :Flutter, Firebase ,Bootstrap
- **Tools & Technologies:** Android Studio, Visual Studio Code, Git, Firestore, RESTful APIs, Google Maps API
- **Design** : Powerpoint,UI/UX Design, Responsive Design, Material Design
- **Version Control:** Git, GitHub
- **Softskills** :Agile Methodologies, Problem Solving, Cross-Platform Development

## WORK EXPERIENCE

**Connecting point, Salem, India.** **Mar 2024 - Mar 2025**

**Flutter App Developer**

- Single-handedly developed and maintained the CP-RMA and CP-RMA ADMIN apps, which are available on the Play Store, enhancing the user experience with intuitive interfaces and seamless navigation.
- Collaborated with cross-functional teams to define project scope, prioritize features, and deliver innovative solutions, resulting in a 20% increase in customer satisfaction.
- Implemented efficient coding practices, reducing app load time by 30% and ensuring optimal performance across various devices.
- Integrated third-party APIs and services to enhance app functionality and improve user engagement.
- Participated in code reviews and provided constructive feedback to team members, fostering a culture of continuous improvement and learning.

**Tech2Buddies, Salem, India** **Feb 2023 - Present**

**Software Developer (Freelance) &Instructor**

- Developed custom mobile applications for clients in various industries, including e-commerce, education, and healthcare, ensuring each application was tailored to meet specific business objectives.
- Collaborated with clients to gather requirements and deliver projects on time, maintaining high-quality standards and adhering to industry best practices.
- Designed modern UI/UX interfaces to improve app aesthetics and user satisfaction

- Instructed students in programming languages such as Flutter, C, C++, Python, and Java. Developed comprehensive course materials and conducted interactive sessions to provide students with a solid foundation in programming and application development.
- Guided students through hands-on projects, offering mentorship and support to help them understand complex concepts and improve their coding skills across various languages.
- Organized workshops and seminars, focusing on both fundamental and advanced topics in software development to foster learning and innovation.

---

## EDUCATION

**Master of Computer Application** **Sep 2022 - March 2024**

Sona College of Technology , Salem, India
Graduated: May 2024

---

## PUBLICATIONS

- **Chandru, Author. "Decoding Authenticity in Online Reviews using Machine Learning."**
  - **2024 International Conference on Cognitive Robotics and Intelligent Systems (ICC-ROBINS), IEEE, Coimbatore, India, April 17-19, 2024.**
  - **Date Added to IEEE Xplore:** May 21, 2024
  - **DOI:** 10.1109/ICC-ROBINS60238.2024.10533938
  - **Publisher:** IEEE
  - **Conference Location:** Coimbatore, India
  - **Read Paper**: https://ieeexplore.ieee.org/document/10533938
  - **Abstract**: This paper presents a machine learning approach to differentiate between computer-generated and human-generated reviews. Using Stochastic Gradient Descent (SGD) algorithms, the study analyzes various features of online reviews to identify authenticity, providing insights into distinguishing automated content from genuine user feedback and enhancing the reliability of online review systems.

## CERTIFICATIONS

- C/C++ ( UDHAYAM ACADEMY )
- Post Graduate Diploma in Computer Applications (PGDCA) ( UDHAYAM ACADEMY )
- MS-Office
- Photoshop

---

## ACHIEVEMENTS

- **Top All India Ranking in NPTEL Examination:** Achieved top ranking in the course "Object-Oriented System Development Using UML, Java, and Patterns," demonstrating strong proficiency and understanding of advanced programming concepts.
