MITHUL PAYANDIYA S

Erode, TamilNadu|+916380679339|mithulpayandiya@gmail.com|www.linkedin.com/in/mithul13

PROFESSIONAL SUMMARY

Final Year B.E. CSE(AIML) student and highly motivated AI passionate of providing AI solutions on Machine Learning,Deep Learning,LLM and RAG pipelines.Hands-on experience on building real world AI application for automation using python,Langchain,Pytorch and n8n for healthcare applications.Strong problem solving abilities,continuous learning and innovative mindset.Seeking an entry level AI/ML Engineer, Gen AI Engineer,LLM Engineer role to create an AI application.

TECHNICAL PROFILE

Technical Skills	Python, Java, C
AI Engineer :	Machine Learning,Deep Learning,Large language model,Data Analytics,Gen AI
Frameworks :	Pytorch, Langchain, Tensorflow, Hugging Face,Yolo.
Libraries :	Pandas, Numpy, Matplotlib, Seaborn, Scikit-learn.
Dev Tools :	Git/Github,Visual Studio Code,Google Colab,Anaconda,N8N
Areas of Interest	LLM , RAG , MCP , Gen AI, Agentic AI , AI-Driven HealthCare

INTERNSHIP EXPERIENCE

NoviTech R&D Private Limited *(18.07.2024 to 17.08.2024)*

Concepts of Machine Learning

- Gained Hands-on experience in ML model development and data analysis.
- Solved data-centric challenges by using machine learning algorithms.

Concepts of Data Science

- Performed data cleaning, preprocessing, and exploratory data analysis (EDA) using Python.
- Applied statistical analysis and data visualization techniques to extract insights from datasets.

CORE TECHNICAL PROJECTS

DigitalTwin–Based SMPS Fault Detection :

- Developed an AI-based Digital Twin framework for fault diagnosis of SMPS DC–DC buck converters.
- Predicted failure of hardware using voltage analysis, reduce troubleshooting and critical damage.

Voice Link AI – Voice-Based Healthcare Assistant :

- Developed a voice-based healthcare assistant using speech processing and large language models.
- Delivered multilingual real-time medical guidance through natural voice interactions.

ACADEMIC BACKGROUND

B.E.ComputerScience and Engineering (AIML) | Velalar College of Engineering	CGPA: 7.65%
Higher Secondary Certificate (HSC)| Carmel Matric Hr Sec School (2023)	71.6%
Secondary School Leaving Certificate (SSLC) | Carmel Matric Hr Sec School (2020)	100%

ACHIEVEMENTS

- Shortlisted for the final round of INNOHACK '26, a National-Level Hackathon conducted by VIT Vellore, under the Health Tech & Med Tech
- Successfully completed the AI Challenge on Face Recognition conducted by Novitech R&D Private Limited, gaining hands-on experience in computer vision concepts..
- Shortlisted at the college level for Smart India Hackathon (SIH) as part of a competitive team for innovative problem-solving.
- Secured 1st Place in CODE RUSH 2025, a 5-hour Hackathon organized by ARINMACLES at Velalar College of Engineering and Technology.
