VIJAYARAGAVAN S

Karur, Tamil Nadu, India | 9787601258 | vijayvj92545@gmail.com

PROFESSIONAL SUMMARY

Electrical and Electronics Engineering graduate with a strong foundation in Python, SQL and relational databases, plus working knowledge of data analysis and machine learning concepts. Built AI and data-focused projects, including a gradient boosting prediction system presented at ICVADV 2026. Seeking entry-level IT roles in development, data and AI where I can apply my problem-solving skills and keep learning.

TECHNICAL SKILLS

- **Programming:** Python (data types, loops, conditionals, functions, lists, strings, file handling), Java (basic), HTML, CSS
- **Databases:** SQL, relational database concepts, data retrieval and filtering, INNER/LEFT/RIGHT JOIN, Primary and Foreign Keys, DDL, DML
- **Data Science and AI/ML:** Data analysis, Python for Data Science, machine learning concepts, gradient boosting, Artificial Intelligence
- **Software Development and Support:** Programming fundamentals, debugging, troubleshooting, software support, Reliability Testing
- **Other:** Basic networking and cybersecurity concepts, communication, teamwork, leadership; English and Tamil

PROJECTS

An Intelligent Cardiovascular Disease Prediction System Using Gradient Boosting Techniques

- Built a predictive model for cardiovascular disease using data analysis, machine learning concepts and gradient boosting
- Presented at the 2nd International Conference on Visual Analytics and Data Visualization (ICVADV 2026)

Leveraging AI for Real-Time Safety and Navigation Support for Visually Impaired Railway Passengers (Project Leader)

- Led development of an AI-based assistive system that processes real-time data to deliver navigation and safety alerts

An Ultralow Power Wearable Vital Sign Sensor Using PPG Sensor (Project Leader)

- Built a wearable device for real-time monitoring of heart rate and SpO2 levels, applying structured data collection and analysis

Thermal Management in EV (Project Member)

- Designed and analyzed an integrated thermal management system for batteries, motors and power electronics

INTERNSHIP EXPERIENCE

Java Intern Oct 2024 - Nov 2024

Java eXterns Club (Vareli Tecnac Pvt. Ltd.)

- Applied Core Java concepts including OOP, inheritance, polymorphism and exception handling
- Wrote and debugged Java programs and used Java Collections for data storage and manipulation

Motor and Drive Systems Maintenance Intern Jun 2025 - Jul 2025

Chettinad Cement Corporation Ltd.

- Applied structured troubleshooting and attention to detail for fault diagnostics, transferable to debugging and support workflows
- Gained exposure to industrial motors, drives, control panels and preventive maintenance

EDUCATION

B.E., Electrical and Electronics Engineering 2022 - 2026

M. Kumarasamy College of Engineering, Karur | CGPA: 6.7

Higher Secondary 2021 - 2022

S.K.V Matriculation Higher Secondary School, Namakkal | Percentage: 60.5%

CERTIFICATIONS AND ACHIEVEMENTS

- Reliability Testing, SASTRA University
- Python for Data Science, AI and Development, Coursera
- Python Essentials, Cisco
- Bajaj Engineering Skills Training (BEST ESR), SASTRA University, Thanjavur
- Standard Test for English Proficiency, Score 7, The Hindu Group
- Python with Data Science Certification (in progress)
- 2nd Prize, Project Presentation (Inter-College Events); Dr. Kalam Young Achievers Award; ICVADV 2026 Presentation
