Erode, Tamil Nadu

Balamurugan-S

Skills

- LabVIEW & NI
- Microcontroller
- Embedded C And C Programming
- Sensor Integration
- Peripheral Interface
- Problem solving and logical debugging

Language

- Tamil
- English

CERTIFICATIONS & MEMBERSHIPS

- CLAD – Certified LabVIEW Associate Developer
- Microcontroller Programming Course
- ISTE Student Member

About Me

Mechatronics Engineering student (CGPA 8.96/10, 2023–27) with CLAD certification, specialising in LabVIEW-based real-time monitoring, embedded systems, and industrial automation. Proficient in Embedded C, 8051 MCU architecture, and NI hardware interfacing. Seeking roles in automation, instrumentation, or embedded systems to apply hands-on expertise and deliver measurable solutions.

Education

B.E. Mechatronics Engineering 2023 - 2027

Mahendra Engineering College

HSC – Maths Computer 2022 - 2023

CSI Matric Higher Secondary School

Experience

Neologic Automation Pvt. Ltd., Chennai Present

- Hands-on experience in LabVIEW, automation, and hardware interfacing

Projects

Ultrasonic Distance Calculator

8051 MCU · HC-SR04 · Embedded C · Keil µVision

- Non-contact distance measurement (range 2–400 cm, ±3 mm accuracy) validated across 50+ test cycles
- Real-time 16×2 LCD display at 10 Hz; interrupt-driven timers reduced latency ~40% vs polling method

LabVIEW-Based Real-Time Monitoring & Control of Milling Machine

LabVIEW 2023 · NI-DAQmx · DAQ Assistant · Sensors

- Acquiring spindle speed (RPM), feed rate (mm/min), cutting force & vibration at 1 kHz via NI-DAQmx (<2% error)
- Threshold-based alarm logic prevents tool damage; front-panel dashboard with waveform charts & Boolean alarms

Mirror Jerk Test System

LabVIEW 2023 · NI-DAQmx · DAQ Assistant · Sensors

- Developed an automated LabVIEW test application to monitor mirror movement and detect jerk conditions.
- Implemented motor control, position monitoring, threshold comparison, and Pass/Fail evaluation.
- Designed modular SubVIs with data logging, graph visualization, and structured State Machine architecture.
