PAVITHRAASRI B

Electronics and Communication Engineering Graduate

pavithraasri92@gmail.com | +91 95977 58252 | Salem,India

SKILLS

Technical Skills

- Core Java
- python
- C++
- Networks and Security protocols
- MS Excel
- Digital systems and design
- Embedded systems

SOFT SKILLS

- Customer Communication
- Problem Solving
- Critical Thinking
- Team Collaboration
- Adaptability
- Continuous Learner
- Technical Troubleshooter

EDUCATION

Sri Sarada Vidhyalaya Higher Secondary School For Girls 2020
10th Standard
(Percentage: 73.2%)

Sri Sarada Vidhyalaya Higher Secondary School For Girls 2022
12th Standard (Higher Secondary)
(Percentage: 70.16%)

Mahendra College of Engineering 2022 - 2026
B.E - Electronics and Communication Engineering
(CGPA: 8.51)

AWARDS

- **NPTEL Certifications:**
  - Principles of Communication Network (Elite)
  - Principles of Communication System 1 (Elite with Silver)

LANGUAGES

- **English | Tamil | Hindi**

PROFESSIONAL SUMMARY

Motivated and enthusiastic Electronics and Communication Engineering graduate with strong technical knowledge in Electronics, communication and programming. I have a strong interest in technology and continuously work on improving my skills through practical experience. I am a team player who communicates well with customers and adapts quickly to new challenges.

TECHNICAL SKILLS & TOOLS

NETWORKING

- Digital Systems and Design
- Embedded Systems
- TCP/IP, UDP, DNS, HTTP, HTTPS, IPV4 and IPV6, Linux, etc

LANGUAGE

- **Core Java**
- **python**
- **C++**

TOOLS

- **MS Excel (Basic to Intermediate)**

PROJECTS

1. **AI Monitoring System in Bangalore**
   - Developed an AI-based system to monitor and analyze data for efficient performance tracking and alerts.
2. **Autonomous Cleaning Robot in Mahendra College**
   - Designed and implemented an autonomous robot using sensors and microcontrollers for automated cleaning.
3. **Dynamic Wireless Charging for EV Vehicles**
   - Designed a concept model for wireless charging of electric vehicles using inductive charging technology.
