ARUN PANDIYAN K

ELECTRICAL AND ELECTRONICS ENGINEERING

CONTACT

+91 6383544151

arunpandiyank2005@gmail.com

Mettur Salem - 636455

TECHNICAL SKILLS

- MATLAB
- PLC
- CIRCUIT DESIGN
- AutoCAD design

SOFT SKILLS

- Problem solving
- Communication skill
- Team management
- Quick learner

CERTIFICATIONS

- **Karpagam College of Engineering**

Workshop on “Implications of Artificial Intelligence for Electric Vechicle and charging Technology”

- **Paavai Engineering College**

International conference on Industry Automation: Building AI and Industrial Systems.

CARRER OBJECTIVE

To work in a reputed electrical organisation where I can apply my knowledge and contribute to efficient and reliable engoneering solutions.

EDUCATIONAL BACKGROUND

Bachelor of Engineering in Electrical and Electronics
Paavai Engineering college

HSC
South Indian Matric Higher Secondry School

SSLC
M.A.M High tech Matric Higher Secondary School

PROJECTS

- **SECURED POWER TRANSMISSION WITH LOSS AND POWER THEFT**
  Project focuses on detecting power loss and theft It improves secured power transmission.
  TOOLS USED: Embedded system, IOT System Design.

- **SMART FOOT STEP POWER GENERATION**
  Developed a piezoelectric-based energy harvesting system to generate electricity from human footsteps.
  TOOLS USED: Power Electronics, Circuit Design.

- SMART PARCEL RECEIVER
  This is about the eliminates the needs for recipients to be physically present for delivers. Integrates with smart home system and easy management.
  TOOLS USED: Embedded C, IOT System Design.
