PROFESSIONAL EXPERIENCE

Admin Assistant / On-Site Coordinator — IT Support **Jan 2019 – Mar 2026**

SGS India Private Ltd, Bengaluru, India | On-site at PVH India Pvt Ltd

- Coordinated on-site administrative and IT support activities, serving as the primary point of contact for day-to-day technical and operational issues.
- Performed OS installation and configuration on desktops and laptops based on organizational requirements.
- Configured and troubleshot Windows 10 and Ubuntu systems, plus MS Outlook (2016) setup and issues.
- Administered Active Directory: created users, groups, and organizational units; applied group policy across client systems.
- Set up and maintained DNS, DHCP, and Domain Controller services, including file/folder permissions for authenticated users.

- Provided remote support using MS Teams, TeamViewer, and Webex; configured printers and resolved hardware issues.
- Maintained proxy server (RHEL) and monitored for phishing-related activity from the server end.
- Executed a structured record-filing system to improve document organization and management.
- Assisted coworkers and staff members with special technical and administrative tasks on a daily basis.
- Completed forms, reports, logs, and records to support HR documentation requirements.
- Created PowerPoint presentations used to support internal business development initiatives.
- Reviewed and updated client correspondence files and a scheduling database as part of daily data entry.
- Maintained spreadsheets, reports, and databases in MS Excel for tracking operational and sales-related data.
- Managed employee records, documentation, and reporting processes, strengthening data organization and audit-readiness.
- Supported internal communication and cross-team coordination to ensure smooth daily operations.
- Maintained confidentiality and accuracy when handling employee and customer records.
- Coordinated with vendors and support teams to resolve hardware and software issues promptly.
- Ensured timely completion of routine administrative and technical tasks to minimize downtime.

Customer Support Executive **Sep 2016 – Dec 2018**

Vodafone South India Pvt Ltd, Bengaluru, India

- Resolved customer issues related to billing, services, and account management while maintaining service quality standards.
- Escalated critical customer and technical issues to the appropriate teams to prevent lost revenue and cancellations.
- Researched and resolved billing errors by identifying root causes and asking targeted diagnostic questions.
- Listened to customer questions and concerns to provide clear, accurate answers and responses.
- Collected and analyzed customer information to recommend relevant products or services.
- Documented customer interactions and updated CRM systems accurately to ensure data integrity.
- Sought and proposed ways to improve support processes and service delivery.
- Maintained compliance with company communication protocols during customer interactions.

Tele Caller **Jan 2015 – Aug 2016**

Vodafone Customer Support, Bengaluru, India

- Handled 50+ inbound and outbound customer calls per day, resolving service inquiries and product questions.
- Used CRM database to log calls and customer data, supporting sales pipeline reporting and a reported ~10% month-over-month increase in product sales.
- Built and maintained strong customer relationships through professional, consistent communication.
- Consistently met or exceeded monthly performance and customer service targets.
- Coordinated with team members to share best practices for call handling.
