Government Higher Secondary School, Keeripatti.		
State Board - SSLC	**79%**	**2020**
Government Higher Secondary School, Keeripatti.		

PROJECTS:

Smart Agriculture Technology

Description:

Smart Agriculture Technology refers to the use of modern digital tools like IoT sensors, drones, GPS, AI, and mobile apps to improve the efficiency, productivity, and sustainability of farming. These technologies help farmers monitor crop and soil health, automate irrigation, predict yields, and manage resources precisely. The goal is to produce more food with less effort, cost, and environmental impact.
