PROFESSIONAL SUMMARY

IT graduate and aspiring Software Engineer with hands-on experience across full-stack development (React, Node.js, MongoDB/MySQL), REST API design, and third-party API integration (Gemini, Razorpay, Google Books, NewsAPI). Java background from a backend-focused internship, strong grounding in OOP and database concepts, and experience in shipping and deploying multiple end-to-end projects. Seeking to leverage a builder's mindset and strong analytical problem-solving skills to drive impactful software engineering solutions.

CERTIFICATIONS

- **Postman API Fundamentals** — Student Expert
- **MongoDB Associate** — Node.js Developer
- **GitHub Foundations**

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, HTML, CSS

Frameworks/Libraries: React JS, Node.js, RESTful APIs

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, VS Code, Postman, Copilot

Concepts: OOPS, Database Management Systems, Machine Learning fundamentals

EDUCATION

Kongu Engineering College, Perundurai — B.Tech, Information Technology *2022 – 2026*
CGPA: 8.54

Saratha International School, Kodiveri — 12th Standard *2021 – 2022*
Percentage: 92.8%

Saratha International School, Kodiveri — 10th Standard *2019 – 2020*
Percentage: 93.4%

INTERNSHIP

Java Developer | Endava Solutions, Bangalore *Jan 2026 – May 2026*

- Developed backend modules using Java, contributing to core application functionality.
- Worked with REST APIs and database operations, gaining practical experience in server-side development.

PROJECTS

Fitmind Cloud | REST APIs, Gemini API

- fitmind-cloud.vercel.app
- Built and deployed a REST API–driven application integrating Google's Gemini API for intelligent, AI-powered features.

Book Recommender | MERN Stack, Google Books API

- github.com/Pradheep-S/Book-Recommender
- Developed a full-stack book recommendation platform using the MERN stack, integrating the Google Books API for real-time search and discovery.

Inventory Manager | Razorpay API, REST APIs

- mithun-electricals.vercel.app
- Built an inventory and billing management system with Razorpay payment integration and REST API–based backend.

NewsHub | MERN Stack, NewsAPI

- github.com/Pradheep-S/newshub
- Created a full-stack news aggregation web app using the MERN stack, consuming NewsAPI for live content updates.

AWARDS

- **Runner-up** — Hackathon conducted by Anna University, Madras Institute of Technology, Chennai.
- **First Prize** — KEC 30 Hours (IIC Forum, Kongu Engineering College) for the SAP Calculator project.
- **First Prize** — Project Expo, Sasurie Engineering College, Tirupur, for the Alumni Association project.
