PROFESSIONAL SUMMARY

I'm Niveditha, paradoxically student specialized in Artificial intelligence and data science(ai&ds). with interest in hard works to develop my skills and to solve many problems in this systematic world. And I am eager to work on tasking programs in advance technology. confront work is my hobby and anxious. AI is not a simple task but it is a big challenge to communicate with my ai field. similar I love tasking works, ai will give more precautions and preferences about my static life style and am ready to face it. Skilled at turning raw data into actionable insights and eager to contribute analytical rigor to a data analytics internship. Combines a strong technical foundation with prior accounting experience, bringing an added ability to interpret financial and numerical data accurately.

EXPERIENCE

- **Stat Style-**AccountingTrainee and Managing account buget *May* 2023 - *Dec* 2023

  *I am completed accounting and work for 6months at style stat company. It makes me to think very easy and simple. Complete examination with 90% score and train up for 2 months.

  *Handled numerical and financial records, developing strong attention to detail and data accuracy — directly transferable to datavalidation and analytics work.

EDUCATION

- Mahendra Engineering College *Expected*
  B.Tech in Artificial intelligence and data science CGPA-8.79

- Municipal Girls Higher Secondary School Computer science 2023
  79%

TECHNICAL SKILLS

- AI: Machine Learning, Generative AI, Deep Learning,predictive modeling and Large Language Modeling
- Programming & Querying: Python,java, C&C++
- DataAnalysis & Visualization: PowerBI, Excel and SQL
- Domain Knowledge: Accountancy and financial data handling
- Web & Productivity: HTML, CSS, JavaScript, MS Word, and PowerPoint
- Databases: Relational database design and querying

PROJECTS

- **Personal Portfolio as resume(2024)**
  Created an interactions personal portfolio website showcasing skills, achievements, and projects
  Hosted link: https://my-portfolio59.vercel.app/
- **Deepsleep monitoring using machine learning(2025)**
  Developed a system to analyze sleep patterns and detect irregularities using machine learning algorithms.
  Built a machine learning system to analyze sleep pattern data and detect irregularities, applying data preprocessing and model evaluation techniques.
- **Smart retail store using IOT(2025)**
  Implemented IT-based solution for automated inventory tracking and smart shopping experienced.
- **Templates for creating websites(2025)**
  Designed responsive and reusable website templates to speed up development.
- **Table chart for medical record using PowerBI(2025)**
  Designed us interactive PowerBI dashboard to visualize and manage medical records selectively.

ACHIEVEMENTS & AWARDS

- Ablaze 2k24(2024) -2nd

- Intra Institutional Innovation Challenge and Reward Best(2024) -3rd
- EDISON 25(2025)

LANGUAGES

- English
- Tamil

INTERNSHIP

- ***TECHNOHACKS on Machine Learning:***
  **house prediction at soil ratio.*
  **stock predictions.*
- ***BLUESTOCK as software Development Engineer:***
  Designs, builds, tests, and maintains computer programs to work in jobseeking workers
