FAMITH J

Process & Operations Desk Specialist | B.E. Electrical & Electronics Engineering

Ammapet, Salem - 636003, Tamil Nadu | +91 63833 32937 | jfamithfamith@gmail.com | linkedin.com/in/famith-ali-b68350279

PROFESSIONAL SUMMARY

Detail-oriented **B.E. Electrical & Electronics Engineering** graduate with 6 months of experience in **quality line inspection (PO4 QED)**, component documentation, and data auditing at **Delphi TVS**. Published researcher on **IoT Smart Surveillance WSN Systems** and certified **Machine Learning (Python)** intern from **Imagecon Academy**. Demonstrates strong process quality control capabilities, MS Excel proficiency, and multilingual communication skills (Tamil, English, Urdu, Hindi). Seeking a **Process & Operations Desk Role at Kronos Info Tech Private Limited, Salem** to ensure data integrity, quality compliance, and process efficiency.

CORE COMPETENCIES & TECHNICAL SKILLS

Operations & Quality Desk: Process Quality Control (QED), Defect Telemetry Logging, Quality Inspection Reports (QIR), SOP Verification, Data Accuracy Audit.

Technical & Software Skills: Python (Machine Learning Basics), MS Excel (Data Validation, VLOOKUP), ESP32 / IoT Sensor Integration, Supabase Cloud Storage, Telegram Bot API.

Professional Strengths: Data Accuracy, Time Management, Analytical Problem Solving, Self-Learning, Multilingual Team Coordination.

Languages Spoken (LSWR): Tamil (Native), English (Professional), Urdu (Professional), Hindi (Conversational).

WORK EXPERIENCE

Delphi TVS — **Tamil Nadu**

Quality Line Analyst & Component Inspection Trainee (PO4 QED Line) — *6 Months Experience*

- Managed desk documentation and physical quality inspection on the **Phosphating Quality Line (PO4 QED)**, ensuring 100% compliance with technical product specifications.
- Generated daily Quality Inspection Reports (QIR) and audited defect telemetry data into central quality registers for process tracking.
- Audited standard operating procedures (SOP) on component assembly lines to eliminate recurring operational errors.
- Coordinated with shift leads and engineering units to resolve bottlenecks and ensure zero-defect dispatch.

RESEARCH PROJECTS & CERTIFIED INTERNSHIPS

IoT-Based Smart Border Surveillance System Using WSN — **Journal Publication | May 2026**

Lead Author | Dept. of Electrical & Electronics Engineering, Salem College of Engineering and Technology

- Developed an automated 24/7 virtual perimeter surveillance system combining **ESP32-CAM**, HC-SR04 ultrasonic sensors, SG90 servo motor (180° radar scanning), and active buzzers.
- Implemented real-time edge detection logic ($<$ 2m threshold) capturing 1600×1200 high-res intrusion images; integrated **Supabase Cloud Storage** (2.8s avg latency) and an automated **Telegram AI Chatbot** delivering visual alerts in 4.2 seconds with 98.7% reliability.

Imagecon Academy — **Salem, Tamil Nadu**

Machine Learning Intern (Python & Data Analytics) — *15-Day Certified Internship*

- Completed intensive hands-on training in Python programming, data analytics libraries (Pandas/NumPy), and machine learning classification algorithms.

EDUCATION

Salem College of Engineering and Technology (Anna University Branch) — **Salem, TN**

Bachelor of Engineering (B.E.) in Electrical and Electronics Engineering (EEE) — *Batch: 2022 – 2026*

Municipal Boys Higher Secondary School — **Ammapet, Salem, TN**

Higher Secondary Certificate (HSC – Class VI to XII) — *2016 – 2022*

Rotary Club Government School — **Ammapet, Salem, TN**

Primary Education (Class I to V) — *2011 – 2015*
