PROFESSIONAL SUMMARY

IT undergraduate with hands-on experience in web development and AI/ML through academic projects and internships. Worked on the frontend of a movie ticket booking system during a web development internship, and built machine learning models during an AI & ML internship. Comfortable picking up new tools quickly, with a growing interest in full-stack development and applied AI.

SKILLS

Technical Skills: Python, HTML, CSS, MySQL
Web Application Development: Flask, PHP, REST APIs, Responsive Web Design, Version Control
AI Application Development: Machine Learning Basics, Data Preprocessing

INTERNSHIPS

Nxtlogic Software Solutions — Coimbatore *June 2026 – July 2026*
AI & ML Intern

- Built ML models and worked on data preprocessing for internal AI projects; performance and conduct rated "very good."

CodeBind Technologies — Coimbatore *June 2025 – July 2025*
Web Development Intern

- Built the frontend for a Movie Ticket Booking system (HTML, CSS, PHP, MySQL) as part of a team; also completed an E-commerce workshop and a placement-aptitude assessment.

EDUCATION

Vivekanandha College of Engineering For Women — Tiruchengode *Expected January 2027*
B.Tech Information Technology | CGPA: 7.4

Government Girls Higher Secondary School — Pochampalli
Higher Secondary Certificate (HSC) | Percentage: 63%

PROJECTS

Online Patient Registration System — Web App (Solo)

- Designed an 8-page patient registration workflow (Login, Account Creation, Patient Details, Doctor Selection, Slot Booking, Attender Details, Prescription Upload, Confirmation) using HTML, CSS, and JavaScript.
- Implemented step-by-step page navigation with localStorage for temporary form data handling across pages.

Hand Sphere — 3D Rotation Project (Solo, Self-Initiated)

- Built an interactive 3D rotating canvas/sphere visualization using Three.js in 3 days, to practice 3D rendering concepts.

AI-Based Student Placement Portal (Solo)

- Developed a Python-based portal over ~2 weeks that uses a trained machine learning model to match students with placement opportunities.

CERTIFICATIONS

- Python Essentials 1 — Cisco Networking Academy (Jul 2026)
- MERN Stack Development — HCL GUVI (Sep 2025)
- Getting Started with Generative AI — IBM SkillsBuild (Jan 2026)
- Design of Power Converters using MATLAB — Workshop, GRID 2K25, K.S.R. College of Engineering (Oct 2025)

LANGUAGES & INTERESTS

Languages: Tamil, English, Telugu (basic)
Areas of Interest: Web & Full-Stack Development, HCI, Generative AI & Cybersecurity, UI/UX Design
Hobbies: Photography, Video Editing, Cooking/Baking, Reading
