Skills

- Programming Language: Bascis in HTML, CSS, JavaScript, Python
- Communication Skill, Teamwork, Adaptability, Problem-solving, and Any Critical Thinking Skills

Projects

- **Secure Data Transmission Using Visual Cryptography**
  Visual Cryptography is a popular solution for image encryption. Using secret sharing concepts, the encryption procedure encrypts a secret image into the shares (printed on transparencies) which are noise-like secure images which can be transmitted or distributed over an untrusted communication channel.
- **MultiLanguage Code Assistant Using Ollama**
  The Multilanguage Code Assistant is an AI-driven development tool designed to help programmers write, understand, and optimize code across multiple programming languages. Powered by Ollama, the system leverages advanced natural language processing and machine learning techniques to provide real-time code assistance, enabling seamless coding experiences for both beginners and experienced developers.

Languages

- Tamil, English
