MOHAMAD USMAN M

Gugai, Salem, Tamil Nadu

9962045925 | ✉ usmam510@gmail.com | GitHub: https://github.com/usmam510-cell

PROFESSIONAL SUMMARY

Entry-level **Data Analyst/ Python Developer** with hands-on experience in data analysis, SQL, machine learning, REST API development, and backend engineering. Skilled in Python, SQL backend development, RESTful service, API integration ,Machine learning, Pandas, NumPy, Django, Flask, and data visualization. Strong foundation in time-series forecasting, NLP basics, and AI-driven applications, with a focus on building scalable, data-driven solutions.

TECHNICAL SKILLS

Programming: Python, SQL (Basic), OOP

Data Analysis / Visualization: Pandas, NumPy, Data Cleaning, EDA **/** MS Excel (Pivot Tables, VLOOKUP, Charts)

Machine Learning: Regression, Classification, Time Series Forecasting, NLP (Basics), LLM Integration

Backend Development / Databases: Django, Flask, REST APIs, CRUD, Authentication & Authorization **/** MySQL, SQL Server

Tools: Git, GitHub, Google Colab, VS Code, LiveKit

PROFESSIONAL CERTIFICATION

Artificial Intelligence (AI) : Machine Learning Fundamentals, NLP Basics,Time Series Concepts, AI Applications

Python Full Stack Development: Python, Django, Flask, REST APIs, SQL

AWS Educate: Getting Started with Databases, Machine Learning Foundations, Introduction to Generative AI

PROJECTS

Advanced Time Series Forecasting (LSTM, TCN) Python | Deep Learning | LSTM | TCN | Time Series

- Built LSTM & TCN models for multivariate forecasting
- Applied normalization, windowing, and train–test split
- Evaluated using MAE and RMSE

Breast Cancer Prediction (Logistic Regression) Python | Machine Learning | Classification

- Developed logistic regression model for cancer prediction
- Performed data cleaning, preprocessing, and feature selection
- Evaluated using accuracy and classification metrics

Real-Time Personal AI Agent (Voice & Text) Python | NLP | LLM | LiveKit

- Built real-time AI assistant with voice & text support
- Integrated LLMs for context-aware responses
- Implemented NLP for intent detection and query handling

Note: Project code not publicly available on GitHub

GitHub Projects: Available in GitHub profile

EDUCATION

Bachelor of Engineering (BE)
Dhirajlal Gandhi College of Technology
CGPA: 6.2

SOFT SKILLS

Analytical Thinking | Problem Solving | Attention to Detail | Quick Learner | Team Collaboration
