OBJECTIVE

Computer Science undergraduate with a Data Analytics background seeking an entry-level IT / Software Development role. Skilled in Python, R, Java, C, C++, JavaScript, HTML, CSS, data handling, visualization, and structured problem solving. Hands-on experience building interactive dashboards and web-based projects, with strong attention to detail, debugging, consistency, and user-friendly application development.

EDUCATION

UG – B.Sc Computer Science with Data Analytics **Year of Completion: 2027**

Kongu Arts and Science College, Erode, Tamil Nadu

CGPA: 7.6/10

Class XII – Cheran Matriculation School, Ramakrishnapuram, Karur **Year of Completion: 2024**

Percentage: 67%

Class X – Cheran Matriculation Hr. Sec. School, Vennaimalai, Karur **Year of Completion: 2022**

Percentage: 73%

TECHNICAL SKILLS

Programming: Python, R, Java, C, C++, JavaScript

Data & Analytics: Data cleaning, CSV data handling, Excel, Power BI, Tableau, data visualization

Web: HTML, CSS, JavaScript

Tools: Git, GitHub, Visual Studio Code

Core Strengths: Attention to detail, accuracy, structured thinking, problem solving, communication, teamwork, adaptability

PROJECTS

Student Placement Analytics Dashboard

- Developed an interactive analytics dashboard using HTML, CSS, JavaScript, CSV data, and Chart.js.
- Worked with structured student data to organize, review, and present placement statistics and department-wise performance.
- Focused on data consistency, clear presentation, and user-friendly visualization of analytical results.

Netflix Data Analysis Dashboard – Power BI

- Built an interactive dashboard to analyze movies and TV shows by genre, rating, country, and release trends.
- Applied data cleaning, transformation, DAX, KPI cards, slicers, and interactive visualizations.
- Reviewed and organized dataset fields to maintain consistency and support reliable analytical insights.

Personal Portfolio Website

- Designed and developed a responsive personal portfolio website to showcase technical skills, projects, certifications, and profile information.
- Built multiple web pages using HTML and CSS with structured navigation and responsive styling.
- Deployed the website using GitHub Pages and maintained the project using GitHub.

CERTIFICATIONS & ACTIVITIES

- State Level Hackathon | ICT Academy Open Weaver & CII | 2025–2026
- MongoDB Certification | 2026–2027
- Prompt Engineering
- Campus To Corporate – Professional Development
- Smart Skills in Office Tools & Web Design
- Vedic Mathematics
