OBJECTIVE

Motivated Computer Science student with knowledge in programming, web development, and full-stack technologies. Seeking an opportunity to apply my technical skills, enhance my knowledge, and contribute effectively to organizational growth.

EDUCATION

B.E Computer Science and Engineering 2023–2027
Sri Shanmugha College of Engineering and Technology
CGPA: 7.7

Percentage: 71%

Higher Secondary Education (HSC) 2022–2023
Vidyaa Vikas Matric Hr Sec School
Percentage: 70%

TECHNICAL SKILLS

Programming Languages: C, Java, Python (Basic), JavaScript

Web Technologies: HTML, CSS, React.js

Tools: VS Code, MS Excel, PowerPoint, Canva

PROJECTS

1. Calculator App

- Developed a full-stack calculator application with interactive UI and implemented arithmetic operations for better user experience.

2. News Feed App

- Built a full-stack news application to fetch, display, and manage real-time news updates using responsive design.

3. Library Management System

- Designed a full-stack library system to manage books, user details, and issue/return transactions efficiently.

4. To-Do List App

- Created a full-stack task management application to add, update, delete, and organize daily activities.

CERTIFICATIONS

- Data Analytics Webinar (30 Days)
- Full Stack Development Workshop – Kongu Engineering College
- Generative AI Workshop – Nandha College

AREAS OF INTEREST

- **Full Stack Development:** Interested in developing complete web applications with responsive interfaces and efficient functionality.
- **Data Analytics:** Interested in analyzing data, identifying patterns, and generating meaningful insights.

LANGUAGES

- Tamil
- English

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge.
