AMARNATH M

Software Developer

amarnathmurugan1@gmail.com

CAREER OBJECTIVE

Final-year B.Tech Information Technology student with hands-on experience in Java, JavaScript, React.js, Node.js, Express.js, and MongoDB. Developed full-stack applications with REST APIs, authentication, data management, and responsive interfaces. Strong problem-solving and analytical skills with an interest in AI, automation, cloud technologies, and data-driven solutions. Eager to learn emerging technologies and contribute to software development initiatives.

EDUCATION

B.TECH - Information Technology **2023 - 2027**

Kongu Engineering College, Erode, 638060.
CGPA: 7.17

XII - Standard **2022 - 2023**

Government Model School, Cuddalore, 607109.
85.1 %

PROJECTS

Restaurant Food Ordering Website **Feb - May 2025**

- Developed a full-stack food ordering application with user authentication, menu browsing, cart management, and order tracking using React.js, Node.js, Express.js, and MongoDB.Designed a responsive UI using React.js (Vite) and Material UI.
- Integrated a voice assistant for hands-free navigation and food search using the Web Speech API.
- Developed REST APIs using Node.js, Express.js, and MongoDB.

Fitness Challenge Tracker **Aug - Oct 2025**

- Developed a full-stack fitness platform for workout, fitness goal, and activity tracking using React.js, Node.js, Express.js, and MongoDB
- Added JWT-based authentication with separate Admin and User access.
- Created an Admin Dashboard to manage users, workouts, and fitness challenges.
- Developed workout scheduling, progress tracking, and fitness analytics features.
- Integrated RESTful APIs with MongoDB for efficient data storage and management.

Live Demo :https://ghost-fitness-tracker.vercel.app

GymTunes – Fitness & Music Mobile App (Ongoing) **May- 2026**

Tech Stack: React Native | TypeScript | React Navigation | Android Studio

- Developing a cross-platform fitness and music mobile application using React Native.
- Implemented workout tracking with muscle-group filters, search, and exercise details.
- Integrated playlist support and a mini music player.
- Built responsive mobile screens using React Navigation and TypeScript.

TECHNICAL SKILLS

- Languages : Java | JavaScript | Python
- Frameworks : React.js | React Native | Express.js
- Database : MongoDB | MySQL
- Tools: Git | GitHub | VS Code | Postman

CERTIFICATIONS

- MongoDB Associate Developer
- GitHub Foundations
