OBJECTIVE

Motivated and detail-oriented fresher eager to learn, grow, and take on new challenges while strengthening my technical, communication, and problem-solving skills. Looking for an opportunity to work effectively in a team, adapt quickly, contribute to organizational success, and build a strong career.

EDUCATION

B.Tech, Artificial Intelligence and Data Science **2023 - 2027**
Sri Shanmugha College of Engineering and Technology, Pullipalayam
CGPA: 7.23

Higher Secondary School **2022 - 2023**
GHBSS Pallipalayam
Percentage: 70%

SKILLS

• HTML & CSS (basic) • JavaScript (basic) • MySQL (basic)
• Excel • Power BI (basic)

EXPERIENCE

Data Analyst Intern **Jan 2026 - Mar 2026**
Alpha Pixel Media, Salem, Tamil Nadu
Worked as a Data Analyst Intern collecting, cleaning, and analyzing data to support business decision-making, and built dashboards and reports using Excel and Power BI. Identified trends and patterns to improve marketing and operational performance, and collaborated closely with the team to understand data requirements and deliver clear insights, while ensuring data accuracy, consistency, and confidentiality throughout.

MINI PROJECT

Offline Voice Translator
Built an offline voice translation system that converts spoken input into text using a Speech-to-Text (STT) model, then translates it without depending on an internet connection. Focused on making the tool usable in low-connectivity environments by keeping the speech recognition and translation pipeline lightweight, accurate, and responsive.

- Integrated a Speech-to-Text (STT) model to accurately capture and transcribe spoken language offline
- Designed the translation pipeline to run without relying on cloud APIs or internet access
- Focused on responsiveness and accuracy for real-time, on-device usage

CERTIFICATION

- Cloud Computing (NPTEL)
- Programming in Java (NPTEL)
- Online Introduction to AI (Infosys)
