CAREER OBJECTIVE

Aspiring Software Developer with knowledge of Java, Data Structures & Algorithms, SQL, JavaScript, HTML, CSS, and modern software development practices. Experienced in developing software applications and responsive web interfaces, with strong problem-solving, analytical, and learning abilities. Seeking an opportunity to contribute to real-world software projects while strengthening my technical expertise and software development skills.

EDUCATION

B.E – Electronics & Communication Engineering 2023 – 2027
Nandha Engineering College (Autonomous), Erode | CGPA: 8.70 (up to 6th semester)

HSC 2021 – 2023
Government Higher Secondary School, Ganapathipalayam, Tirupur | Percentage: 82%

SKILLS

- **Programming:** Java, JavaScript, SQL
- **Frontend:** HTML5, CSS3, React.js, Responsive Web Design
- **Tools & Technologies:** Git, GitHub, VS Code, Power BI, Microsoft Excel
- **AI & APIs:** Generative AI, Google Gemini API, REST API fundamentals
- **Core Strengths:** Data Structures & Algorithms, Problem Solving, Teamwork, Leadership, Adaptability

PROJECTS

Digital Dreamers Den (D3) Official Website Development

- Contributed to the development of the official Digital Dreamers Den (D3) website using React.js.
- Developed and designed the Sponsors section using reusable React components.
- Created a responsive and organized layout to showcase sponsor information effectively.
- Collaborated with the development team to integrate the Sponsors section with the overall website design and user interface.

Student Certificate Management Portal

- Developed a web-based certificate management portal for students to upload, organize, and track academic and extracurricular certificates.
- Implemented user-friendly interfaces and role-based access functionality.
- Designed the application with a focus on responsive layouts and efficient user interaction.

AI Chatbot using Google Gemini API

- Developed an interactive AI chatbot with a responsive web interface.
- Integrated the Google Gemini API to process user queries and display real-time conversational responses.
- Implemented frontend components for message handling and an improved user experience.

LEADERSHIP

PALS Student Leader | Nandha Engineering College

- Coordinated student engagement and leadership activities.
- Assisted in organizing technical events, workshops, and career development programs.
- Worked with students and teams to improve participation and communication.
