CAREER BREAK & SKILL DEVELOPMENT

Took a career break of approximately two years due to family responsibilities and preparation for the TNPSC examinations. Following this period, I decided to pursue my interest in software development and joined a one-year Full Stack Python Development course at Imagecon Institute of Technology, Salem. During the training, I strengthened my programming and web development skills through practical projects and hands-on learning. I am now seeking an opportunity to begin my professional career as a Full Stack Python Developer.
