CAREER OBJECTIVE

Motivated and enthusiastic Artificial Intelligence and Data Science student with a strong interest in full-stack development, AI technologies, and problem-solving. Seeking opportunities to enhance technical skills and contribute effectively to innovative projects and organizations.

EDUCATION

Bachelor of Technology in Artificial Intelligence and Data Science 2023 – 2027
Sri Shanmugha College of Engineering and Technology

Higher Secondary Education 2022 – 2023
G.B.H Secondary School, Kumarapalayam

TECHNICAL SKILLS

- Programming Languages: Java, Python
- Web Technologies: HTML, CSS, JavaScript
- Database: MySQL, MongoDB
- Core Concepts: Full Stack Development
- Tools: VS Code, GitHub
- Soft Skills: Communication, Teamwork, Problem Solving

CERTIFICATIONS

- Introduction to Artificial Intelligence
- Java Programming Basics — NPTEL
- Python Programming — Infosys Springboard
- Web Development Fundamentals

PROJECTS

Mini Project

- Successfully completed a mini project related to full-stack development.
- Applied frontend and backend concepts using modern technologies.
- Course file generated documenting project design, implementation, and outcomes.

ACHIEVEMENTS

- Active learner in AI and software development concepts.
- Participated in technical discussions and coding practice sessions.

LANGUAGES KNOWN

- English
- Tamil

INTERESTS

- Artificial Intelligence — exploring machine learning models and real-world AI applications
- Web Development — building responsive websites and full-stack applications
- Coding and Problem Solving — practicing algorithms and participating in coding challenges
- Photography — capturing landscapes and everyday moments creatively
- Travelling — exploring new places and learning about different cultures
- Music — listening to and discovering new genres of music
- Reading — following tech blogs and articles on emerging technologies
