SUMMARY

Aspiring Penetration Tester and Cybersecurity Enthusiast pursuing a B.E. in Electronics and Communication Engineering. Skilled in Linux, Networking, Nmap, Wireshark, Burp Suite, and Vulnerability Assessment through hands-on labs and security projects. Passionate about identifying security weaknesses and continuously improving cybersecurity skills.

Education

Sri Shanmugha College Of Engineering And Technology — Salem,Tamil Nadu, India
- Bachelor of Engineering - Electronics and Communication Engineering ; GPA: 7.6 — 2023 - 2027

SKILLS

- **Technical Skills** : TCP/IP Networking, Penetration Testing Fundamentals ,Web Application Security Fundamentals, Linux Administration Fundamentals, OWASP Top 10.
- **Security Tools** : Kali Linux, Nmap,Wireshark, metasploit, Burp suite.
- **Languages** : Python (Basic), Linux, Bash Scripting(Bash).
- **Networking** : OSI Model, TCP/IP Protocol Suite, DNS,DHCP,Subnetting, Routing and Switching Fundamentals, Switching Fundamentals.
- **Soft Skills** : Problem Solving, Analytical Thinking, Attention to Detail, Team Collaboration, Technical Documentation.

PROJECTS

Internal Security Audit :

Conducted an Internal security auditing for & Risk Assessment for a simulated organization, security audits, identifying security risks, evaluating controls, assessing compliance,vulnerability assessment and providing security remediation recommendation using industry frameworks such as NIST CSF, PCI DSS, and GDPR.

Vulnerability Assessment & Exploitation Lab (Metasploitable 2) :

Executed a full penetration testing assessment in a controlled lab environment using Kali Linux, Nmap, and Metasploit. Identified and exploited a VSFTPD 2.3.4 backdoor vulnerability to gain root access, performed post-exploitation analysis, and documented findings with actionable remediation recommendations. Demonstrated skills in reconnaissance, vulnerability assessment, exploitation, and security reporting.

Certification

Cisco
- Introduction to Cybersecurity
- Networking Basics
- Ethical Hacker

Coursera
- Google Cybersecurity Professional Certificate

Tryhackme
- Junior penetration tester(In Progress)

Cybersecurity Labs & CTF Practice

OverTheWire (Bandit)
- Completed Level 0–15
- Practiced Linux commands, file permissions, SSH, and basic security concepts.

Tryhackme
- Completed 18 hands-on labs/room
- Junior Penetration Tester path (In Progress)

Skills

- Problem Solving
- Adaptability
- Teamwork
