SUMMARY

I am an enthusiastic IT undergraduate with skills in HTML , Python, and have a interest in Java and UI/UX design. I enjoy building creative and user-friendly applications. I have actively participated in CATCH conducted at my college, which helped me gain teamwork and problem-solving experience. I am eager to apply my skills, explore new technologies, and grow through real time development opportunities

EDUCATION

Mahendra Engineering College — Salem , India

Bachelor of Technology – Information technology — Sep 2023 – May 2027

ACADAMIC PROJECTS

Ergonomic Monitoring System Using AI & ML

- Developed a system to monitor user posture and ergonomic behavior.
- Applied basic AI/ML concepts to analyze and monitor user posture.
- Implemented real-time posture monitoring and alert mechanisms.
- Focused on improving ergonomic awareness through posture analysis.

UI/UX Design Projects

- Designed creative posters using modern design principles.
- Developed wireframes focused on user experience and usability.
- Created basic prototypes using Figma.
- Applied UI/UX principles to improve visual design and user interaction.

INTERNSHIP EXPERIENCE

Mobile App Development & UI/UX Intern

- Gained hands-on experience in designing mobile application interfaces.
- Assisted in UI/UX improvements to enhance user interaction.
- Worked with development teams to implement basic design concepts.
- Gained practical exposure to mobile application development using Java.

ACHIEVEMENTS/CERTIFICATIONS

- **Mobile App Development** – Built basic mobile applications using Java with an understanding of layouts and activities.
- **UI/UX Design** – Created basic posters using Figma; practiced wireframing, prototyping, and user research.
- **Cloud Computing** – AWS Certification.
- **Workshops** – Participated in workshops related to Cybersecurity, Editing, and Future Skills.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java -Basic.
- **Web Development:** HTML, CSS .
- **UI/UX Design:** Figma, Wireframing, Prototyping, User Research .
- **Database:** MySQL .
- **Core IT Concepts:** Object-Oriented Programming (OOP), Database Management Systems (DBMS)
- **Tools:** VS Code, Eclipse, Figma, CapCut .
- **Other Skills:** MS Word, Video Editing .

SOFT SKILLS

Communication , Problem-solving , Adaptability, Leadership, Time management .

LANGUAGE KNOWN

- Tamil
- English
