THULASIMANI S

Web Developer | Java Full-Stack Developer

Dharmapuri, Tamil Nadu | thulasimanisrinivasan@gmail.com | +91 9488638915 | LinkedIn | GitHub

CAREER OBJECTIVE

Aspiring Web Developer with hands-on experience in HTML5, CSS3, JavaScript, Java, Spring Boot, RESTful APIs, MySQL, and MongoDB. Experienced in developing full-stack web applications and integrating frontend interfaces with backend services. Seeking an entry-level Web Developer role to contribute to real-world projects and continuously improve technical skills.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript (ES6), Responsive Web Design

Back-End: Python, Java, Spring Boot, Play Framework, Hibernate, RESTful API Development

Databases: MySQL, MongoDB

Version Control & Tools: Git, GitHub, Postman, Maven, Eclipse, IntelliJ IDEA

Operating System: Linux (Ubuntu)

Currently Strengthening: React.js, Node.js (self-paced learning to complement front-end/back-end integration skills)

PROJECTS

Smart Attendance Management System *(Java, Spring Boot, MongoDB, HTML, CSS, JavaScript)*

- Built a full-stack, web-based attendance system enabling teachers to manage student attendance, track daily records, and generate reports.
- Developed the front-end using HTML, CSS, and JavaScript, and implemented RESTful APIs with Spring Boot integrated with MongoDB. Gained practical experience connecting a responsive UI to backend services — directly applicable to full-stack web development workflows.

Employee Management System *(Java, Spring Boot, Spring Data JPA, MySQL, REST API)*

- Developed REST APIs for employee and department management.
- Implemented CRUD operations using Spring Boot and JPA. Added validation, exception handling, search, pagination, and sorting.
- Integrated the application with MySQL database. Tested backend functionality using JUnit

Python Voice Assistant *(Speech Recognition, Text-to-Speech, APIs, Automation)*

- Built an intelligent voice-controlled assistant that interprets commands and responds via speech, integrating multiple third-party APIs.
- Strengthened skills in API integration, debugging, and automated testing — transferable to integrating front-end apps with backend services.

WORK EXPERIENCE

Java Developer Intern

Scalen.ai, Bengaluru | Duration: 1 Month

- Developed Java web applications using Play Framework and Spring Boot; built RESTful APIs and integrated MySQL databases.
- Used Git, Maven, Eclipse, and IntelliJ IDEA for development, version control, and collaborative workflows.

Python Programming Intern

Imagicon Academy, Salem | Duration: 1 Month

- Built a Python-based Voice Assistant using speech recognition, text-to-speech, and APIs.
- Gained hands-on experience in application development, debugging, and testing through real-time assignments.

EDUCATION

B.Tech, Information Technology — Mahendra Institute of Technology, Namakkal | CGPA: 9.15 | 2023 – 2027

HSC : 76% | 2023

SSLC : All Pass | 2021

CERTIFICATIONS & ACHIEVEMENTS

- Java Internship Certification — Scalen.ai
- Python Programming Internship Certification — Imagecon Academy
- Research Paper Presentation/Publication — IEEE Conference, MIT
- Cognizant Technoverse Hackathon 2026 — Participant
