CAREER OBJECTIVE

AI & Data Science student seeking an entry-level opportunity to apply my technical skills, learn continuously, and contribute effectively to a professional team.

EDUCATION

Course	Institution / Board	CGPA / %
B.Sc. (AI & DS) — Pursuing	K.S.R. College of Arts and Science for Women	8.2 CGPA
HSC (2024)	Mahendra Matric. Hr. Sec. School	79.55%
SSLC (2022)	Govt. Girls Hr. Sec. School	71.40%

PROJECT & TECHNICAL EXPERIENCE

Basics of Python

- Hands-on core exposure focusing on standard variables, essential data types, and fundamental programming building blocks.

Basics of HTML

- Structuring simple web pages utilizing basic tags, core formatting elements, forms, and tables.

Basics of MS Excel

- Practical training covering basic data entry, professional formatting, and fundamental formula operations.

INTERNSHIP EXPERIENCE

Web Development Intern — Penta Software IT Solutions, Tiruchengode

01 June 2026 – 15 June 2026

- Completed a 2-week internship focused on HTML and Basic Python for web development.
- Gained hands-on understanding of fundamental web development concepts through a real-time healthcare monitoring project.
- Recognized for punctuality, diligence, and reliability throughout the internship.

EXTRACURRICULAR ACTIVITIES

National Service Scheme (NSS) Volunteer

- Participated in a 7-day NSS residential camp as part of community service initiatives.
- Took part in cleanliness and sanitation drives within the camp locality, promoting hygiene awareness.
- Coordinated with fellow volunteers to organize and provide food for camp participants and the local community.
- Developed teamwork, discipline, and social responsibility through active participation in group activities.

AREAS OF INTEREST

- Python Programming
- Artificial Intelligence
- Data Analysis using MS Excel

TECHNICAL SKILLS

Languages: Basic Python, Basic HTML

Software: MS Excel

PERSONAL SKILLS

- Quick Learner
- Teamwork
- Communication Skills
- Willingness to Learn

CERTIFICATIONS

- Getting Started with Artificial Intelligence — IBM SkillsBuild, July 2025
- Generative AI Literacy — FutureSkills Prime, Nov 2025
