PARANJOTHI P

Erode, Tamil Nadu | +91 8056311725 | paranj343@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Detail-oriented and motivated Information Technology student with a solid background in programming languages such as Java, C, object oriented programming concepts, data structures, and website designing. Practical experience in creating full-stack applications as well as in finding solutions to programming problems through logical and systematic approaches. Quick learner, efficient problem solver and team player, looking for ways to use my technical knowledge and expertise within a dynamic environment.

TECHNICAL SKILLS

- **Programming Languages:** Java, C
- **Core CS Concepts:** Object-Oriented Programming , Database Management System, Data Structures & Algorithms , Software Testing
- **Web Technologies:** MERN Stack , HTML5, CSS3, JavaScript
- **Databases:** SQL (Basics), MongoDB
- **Developer Tools:** Git, VS Code

EDUCATION

Velalar College of Engineering and Technology, Erode 2023 – 2027
Bachelor of Technology (B.Tech.) in Information Technology | Current CGPA: 8.05/10

Bharathi Kalvi Nilayam Higher Secondary School 2023
Higher Secondary Certificate (HSC) | Percentage: 78.66%

Bharathi Kalvi Nilayam Higher Secondary School 2021
Secondary School Leaving Certificate (SSLC)

PROJECTS DONE

Speech-Enabled Drug Safety System

- Developed and engineered an intelligent software solution designed to parse and detect banned drugs and excessive dosages from voice-based medical prescriptions.
- Integrated speech-to-text conversion algorithms alongside predefined medical safety validation logic rules to cross-verify client requests.

Med Link (MERN Stack Application)

- Built a secure full-stack cloud-based healthcare application facilitating seamless communication and medical data transfers between patients and medical professionals.
- Implemented strict database constraints using basic web architecture and user-friendly UX design methodologies to elevate overall application accessibility.—
- Leveraged Git for version control tracking and code optimization throughout development stages.

CERTIFICATIONS

- OOPs in Java – Simplilearn
- Introduction to HTML, CSS & JavaScript – Coursera
- Software Testing – NPTEL
- MERN Stack Development – Yellowmatics (2025)
- Excel Basics for Data Analysis – Coursera

ACHIEVEMENTS

- Research Publication: Presented and published a peer-reviewed paper in IEEE Xplore, ICSCN 2025.
- Coding Competition Winner: Won 2nd Prize in the Coding Competition held at Velalar College of Engineering and Technology (Validates logical thinking and algorithmic problem-solving readiness).
