PROFILE SUMMARY

Dedicated and enthusiastic developer with knowledge in Python basics and Java basics, focused on building simple and responsive web pages. Familiar with Embedded Systems and basic microcontroller concepts. Interested in developing efficient solutions and learning new technologies in software and embedded domains.

EDUCATION

B.E - Electronics and Communication Engineering **2023–2027**
Excel Engineering College (Autonomous)(CGPA-8.07)

HSC - Sengunthar Higher Secondary School, Erode(percentage-71) **2023**

SSLC - Sengunthar Higher Secondary School, Erode **2021**

SKILLS

Technical Knowledge: Java (Basics), Python (Basics)
Hardware: Embedded system , IOT ,Circuit Analysis,
Soft Skills: Problem Solving, Leadership, Communication, Teamwork

PROJECTS

Healthcare Monitoring System

- Developed a healthcare monitoring application that analyses user food intake and provides insights about health condition and nutritional levels.
- Designed features to track daily diet and give basic recommendations for maintaining a healthy lifestyle.

Adaptive Noise Cancellation for Clear Speech Communication

- Developed an Adaptive Noise Cancellation system using the LMS algorithm in MATLAB/Simulink to reduce background noise and improve speech clarity.

EXPERIENCE

Aptiv Components India Private Limited **June 2026**

- Assisted in the manufacturing and assembly of automotive wiring harnesses, following quality and production standards.
- Supported the production of wiring harnesses for Hyundai and Renault Nissan vehicles, ensuring proper routing, crimping, connector assembly, and final quality inspection.

Enthu Technology Solutions India Pvt. Ltd. **Dec 2025**

- Worked on IoT and LoRaWAN technologies for long-range wireless communication in IoT applications.
- Learned fundamentals of connecting sensors and devices for remote monitoring and data transmission.

Mobi Tech Wireless Solution Private Limited **Dec 2024**

- Worked on an IoT-based Irrigation Automation System for smart agriculture applications.
- Developed knowledge in IoT device integration, wireless communication, and automation concepts.

ACHIEVEMENTS & CERTIFICATIONS

- Chess Runner – Sports Day, Excel Engineering College (2024)
- "AI Driven Cobots for Smart Industries" Workshop, VIT Vellore (2025)
