Designer Snapshot

Product-focused UI/UX & Product Designer with 2+ years of experience designing SaaS platforms, enterprise dashboards and mobile-first digital products. Spearheaded end-to-end design initiatives for complex workflow systems, translating technical requirements into scalable, production-ready user experiences. Strong expertise in role-based access systems, design systems and developer-aligned implementation. Known for simplifying high-complexity platforms into intuitive, business-driven interfaces.

Key Skills & Competencies

Product & UX Strategy: Information Architecture, User Flow Mapping, Interaction Design, UX Documentation, Design Systems Development, Role-Based Experience Design.

Design Execution: Wireframing & Prototyping, High-Fidelity UI Design, Mobile-First Design, Dashboard & SaaS Platform Design, Usability Testing, Accessibility & Scalable UI.

Collaboration & Delivery: Cross-Functional Collaboration, Developer Handoff, Agile Workflow (Jira), Stakeholder Communication, Production-Ready Implementation.

Experience

MuleCraft

UI/UX & Product Designer Sep 2023 - Apr 2026
Salem

Responsibilities:

- Spearheaded the design and delivery of enterprise integration platform interfaces, transforming complex backend requirements into client-approved, production-ready UI systems.
- Orchestrated end-to-end user flows and information architecture across multiple high-complexity modules.
- Designed scalable admin dashboards for user management, permissions and configuration workflows.
- Implemented role-based access experiences, improving clarity of permissions and user visibility across system layers.
- Developed and enforced design system standards to ensure visual consistency and scalable product evolution.
- Collaborated closely with engineering teams to align UI feasibility with technical architecture, ensuring seamless implementation.
- Championed usability validation through structured wireframing, interaction mapping and high-fidelity prototyping.

Projects

Ayul – E-commerce Platform & Internal Dashboard

Role: UI/UX Designer · Product Design Lead

- Led design of e-commerce platform and internal dashboard, optimizing web and mobile user journeys.
- Built scalable UI systems for product management and order workflows.
- Delivered developer-ready designs using structured UX documentation and design systems.

ARC Appliances – SaaS Operations Platform

Role: UI/UX Designer · Product Design Lead

- Designed and launched a SaaS platform to digitize appliance showroom operations.
- Enhanced operational visibility for non-technical users through simplified dashboards and workflow optimization.
- Implemented structured navigation systems to reduce cognitive load in complex operational environments.

Egg Zero – Hyperlocal Delivery Platform

Role: UI/UX Designer · Product Design Lead

- Designed a mobile-first hyperlocal commerce platform prioritizing speed, repeat usage and simplicity.
- Optimized checkout and repeat-order flows to support business expansion into meat and seafood verticals.
- Developed intuitive product browsing experiences aligned with local purchasing behavior.

Bluewhiz Infotech – Brand Identity

Role: Logo Designer

- Designed a scalable and modern brand identity emphasizing clarity, trust and digital adaptability.
- Delivered vector-ready assets optimized for long-term digital and print applications.

MuleCraft – Social Media & Visual Design

Role: Visual Designer & Social Media Manager

- Designed brand-consistent social media creatives supporting product marketing and engagement initiatives.
- Maintained visual alignment between marketing communication and product identity.

Achievements

- Successfully delivered production-ready SaaS and enterprise platform designs under real-world development constraints.
- Built scalable design systems supporting long-term product consistency and modular growth.
- Designed multi-role dashboard systems ensuring clarity across permission-based user environments.
- Led multiple product modules from wireframe to implementation stage with engineering collaboration.
