# SALAI NARMATHA RANI S.V

JAVA programmer| Computer Science & Engineering

Salem, Tamil Nadu | 6374066324 | salainarmatha43@gmail.com | linkedin.com/in/salai-narmatha-rani-s-v

## PROFESSIONAL SUMMARY

Enthusiastic Computer Science Undergraduate with Knowledge of Object Oriented Programming Language and Web development .Passionate about software development and Quality Assurance with Project Experience.

## SKILLS

**Technical skills :**JAVA ,C ,C++, Postman ,HTML,CSS
**Core Concepts:** OOP ,Memory management, DSA ,Processor Architecture
**Soft Skills:** Fast Learner, Analytical Thinking, Problem-Solving, Time Management, Team Collaboration ,Communication

## AREA OF INTEREST

- Software Testing (QA)
- Software Development
- Web Development
- Object-Oriented Programming
- Database Management Systems

## EDUCATION

**B.E. Computer Science and Engineering** | Excel Engineering College (Autonomous) | 2023 – 2027 | CGPA: 8.24

**12th Standard** | Jothi Matriculation Higher Secondary School | 2023 | 85%

**10th Standard** | Bala Guru Kulam Matriculation School | 2020 | 75%

## PROJECTS

**Interactive Custom Stitching As a Digital Service** / *Mini Project*

- Developed an interactive web-based custom stitching platform for online tailoring services and outfit customization.
- Implemented features such as user authentication, measurement submission, fabric/style selection, and order management.
- Technologies :HTML ,CSS , Javascript ,Postman ,MongoDB

**Natural language candidate search system(Hackathon project)**

- Developed a Natural Language Candidate Search system to help recruiters find suitable candidates using text-based queries. Implemented NLP techniques to process resumes and match candidate skills, qualifications, and experience.
- Technologies:HTML,CSS,Javascript,Postman

## INTERNSHIP EXPERIENCE

**Java Intern** | Maxpro Infotech | *2024*

- Gained hands-on experience in programming, project development, debugging, and database connectivity.
- Worked on real-time development concepts and improved technical, teamwork, and problem-solving skills.

**Java Intern** | Cognifyz Technology | *2025*

- Worked on practical tasks involving programming, data handling, and application development concepts
- Enhanced technical knowledge, analytical thinking, and collaborative problem-solving skills through project-based learning..

## CERTIFICATIONS

- NPTEL – Fundamentals of Object-Oriented Programming (73%)
- NPTEL – Internet of Things (69%)
- Infosys springboard &ICT Academy-Java software developer

## LANGUAGES

English | Tamil | Kannada |Hindi(reading,writing)
