POOPESH S

s.poopesh2005@gmail.com | 9025460245 | LinkedIn | GitHub

OBJECTIVE

Passionate Computer Science undergraduate with a strong foundation in programming, data structures, and problem solving. Interested in Full Stack Development, with hands-on experience in Java. Seeking an entry-level opportunity to apply technical skills, contribute to software development projects, and gain industry exposure.

EDUCATION

Bachelor of Engineering in Computer Science 2023 – Present
K.S.R. Institute for Engineering and Technology, Namakkal
CGPA: 6.97 (up to 6th semester)

Higher Secondary Certificate 2022 – 2023
Malar Matriculation Higher Secondary School, Paramathi Percentage: 68.5%

Secondary School Leaving Certificate 2020 – 2021
Malar Matriculation Higher Secondary School, Paramathi Status: Pass

INTERNSHIP

Mayura Software Solutions, Erode

- Worked on Python programming tasks involving logic building, data handling, and basic automation.
- Strengthened problem-solving skills through real-world coding exercises.

Stack Queue, Salem

- Completed a 15-day internship focused on the fundamentals of data analytics.
- Learned data cleaning, data visualization, and exploratory data analysis using structured datasets.

PROJECT

Sentence Builder Web Application

- Developed an interactive web-based quiz application using HTML, CSS, and JavaScript.
- Designed a system where users construct meaningful sentences by selecting correct words within a time limit.
- Implemented dynamic question generation, real-time feedback, and scoring system.
- Integrated countdown timer and reward-based coin system to enhance engagement.
- Demonstrated strong skills in DOM manipulation, event handling, and state management.
- Built a responsive and user-friendly interface for improved learning experience.

CERTIFICATIONS

MATLAB Courses

- MATLAB Onramp – Foundational training in MATLAB programming and data analysis.
- MATLAB Deep Learning Onramp – Introduction to deep learning concepts and neural networks.

NPTEL

- Cloud Computing Certification

SKILLS

Programming Languages: Java
Web Development: HTML, CSS (Basics)
Database: MySQL
