Summary

Motivated and enthusiastic MCA student with knowledge of Python, DBMS, SQL, Machine Learning, ASP.NET, and IoT. Seeking an entry-level opportunity to apply my technical and analytical skills, gain practical experience, and contribute to organizational success while continuously learning and growing in the IT industry.

Internship Certificate

Web Development Intern, *Techno Hacks*
Completed a one-month internship.

Python Intern, *Encryptix*
Completed a one month internship.

Education

MCA, *Vellalar College for Women(Autonomous), Bharathiyar University* 2025 – 2027
Score: 81 Erode

BCA, *Vellalar College for Women (Autonomous) Bharthiyar University* 2022 – 2025
Score: 82 Erode

Soft Skills

- Time Management
- Team Collaboration
- Quick Learning
- Problem Solving

Languages

- English
- Tamil

Achievements & Awards

Conducted and hosted departmental events in the Department of Computer Applications 04/01/2026
Conducted and hosted a departmental event.

1st prize in Flameless Cooking, *Department of Computer Applications*

Course Completion

Certified course for Python developer, *MSME* 02/2024

Successfully completed the NPTEL Deep learning certificate course

Projects

Chronic kidney disease prediction system using machine learning
Developed a machine learning-based system to predict Chronic Kidney Disease using patient health parameters. Performed data preprocessing, analysis, and classification for diseaseprediction.Generated prediction reports and health recommendations based on patient data.Utilized Python, Pandas, and Machine Learning techniques for accurate prediction.

Doctor appointment booking system using php

Doctor Appointment Booking System Developed a web-based application using PHP, MySQL, HTML, and CSS for online appointment booking, doctor listing, and user authentication.

Technical skills

Languages, *Python*

Libraries, *Pandas, Matplotlib, Tkinter*

Database, *MySQL, DBMS*

Web technology, *HTML, CSS, Javascript*

Tools and applications, *Microsoft Excel, Microsoft Word and Microsoft PowerPoint*
