SHANKARI SEKAR

Full Stack Developer

Tiruchengode, India — 9994955017 — shankarisekar2005@gmail.com
LinkedIn: linkedin.com/in/shankari987

PROFESSIONAL SUMMARY

B.Tech Information Technology student and Full Stack Developer with internship experience in developing web applications using React.js, Node.js, Express.js, and MySQL. Hands-on experience in frontend development, backend development, REST API testing, CRUD operations, authentication, database management, and responsive UI development. Strong problem-solving and debugging skills with an interest in building scalable and user-focused software applications.

EDUCATION

B.Tech – Information Technology
Sri Shanmugha College of Engineering and Technology (Autonomous) **2023 – 2027**
CGPA: 8.9 — Pursuing

TECHNICAL SKILLS

Programming Languages: C, Java, Python(basics)
Frontend: HTML, CSS, JavaScript, React.js, Material UI, Mantine UI
Backend: Node.js, Express.js, FastAPI, REST APIs
Database: MySQL
Tools: Git, GitHub, VS Code, Postman

EXPERIENCE

Full Stack Developer Intern — AAKAM360 **November 2025 – March 2026**

- Contributed to frontend and backend development tasks for web applications.
- Developed and supported user interfaces using React.js.
- Assisted in backend feature development using Node.js and Express.js.
- Performed REST API testing using Postman to validate backend functionality.
- Conducted functional testing and debugging to identify and resolve application issues.
- Collaborated with team members throughout the development and testing process.

PROJECTS

FinTrack – Financial & Loan Management System
Technologies: React.js, Material UI, Node.js, Express.js, MySQL

- Developed a full-stack financial and loan management system for managing borrowers, loans, and payment records.
- Implemented JWT-based authentication and protected REST APIs for secure administrative access.
- Developed CRUD functionality for borrower, loan, and payment management.
- Implemented business logic for due-date calculation, overdue detection, payment tracking, and balance calculation.
- Built a dashboard to monitor total loan amount, collected amount, pending balance, and overdue loans.

User Management Dashboard
Technologies: React.js, React Router, Mantine UI

- Developed a responsive user management dashboard for managing and displaying user data.
- Implemented login and registration functionality with client-side input validation.
- Designed a structured dashboard for displaying user information in a tabular format.
- Implemented CRUD operations for user management using form-based workflows.
- Implemented page navigation using React Router.

CERTIFICATIONS

- **NPTEL – Programming in Java**
- **AICTE – Java Full Stack Developer Virtual Internship**
