ABOUT ME

Enthusiastic Artificial Intelligence and Data Science student passionate about solving real-world problems using AI and data-driven solutions. Eager to learn, innovate, and apply my technical skills in a professional environment.

EDUCATION

Bachelor of Technology – Artificial Intelligence and Data Science **2023 – 2027**
Kongunadu College of Engineering and Technology, Thottiam
CGPA: 8.15/10

Higher Secondary Certificate **2022 – 2023**
Christ King Matric Higher Secondary School, Pudupatti, Namakkal
Percentage: 83.6%

Secondary School Leaving Certificate **2020 – 2021**
Government Higher Secondary School, Balasamudram, Thottiam, Trichy

TECHNICAL SKILLS

- **Languages** : Java, Python
- **Web development** : HTML, CSS
- **Database** : SQL
- **Tools** : PowerBI, VS Code.
- **AI Technology** : Machine Learning

SOFT SKILLS

- Time management
- Team Work

INTERNSHIP

Robotics Intern – Galwin Technology **July 2025**
- Learned robotics, automation, and embedded system fundamentals.
- Assisted in assembling, testing, and troubleshooting robotic systems.

Data Analytics Intern – FFuturewise **Nov-Dec 2025**
- Worked with Excel, SQL, and Power BI for data analysis and visualization.
- Gained hands-on experience in data cleaning, reporting, and dashboard creation.

PROJECTS

Face Attendance Detection
Tech Stack: Python, OpenCV, Face Recognition
- Developed a real-time face recognition attendance system using Python and OpenCV.
- Automated attendance marking to improve accuracy and reduce manual effort.

Cervical Cancer Prediction
Tech Stack: Python, Machine Learning, Streamlit
- Built a machine learning model to predict cervical cancer risk from patient data.
- Developed a Streamlit-based web application for user-friendly predictions.

CERTIFICATIONS

- **NPTEL** – Introduction to Internet of Things
- **Infosys Certificate** – HTML, CSS
- **Value Added Course**
  - Machine Learning with AI Applications
  - Java Fundamentals (Yellowmatics)
