PROFESSIONAL SUMMARY

Electronics and Communication Engineer with a strong foundation in programming and object-oriented principles. Demonstrates good problem-solving skills and logical thinking abilities. Eager to build a career in the technology field, with a keen interest in learning advanced technologies and continuously improving coding skills.

EDUCATION

Bachelor of Engineering in ECE,
Kongunadu College of Engineering and Technology,
2027 | CGPA:9.12.

HSC
Kamarajar Higher Secondary School, Namakkal.
2023 |Percentage: 83%.

SSLC
Kamarajar Matriculation School,Namakkal.
2021| Percentage:100%(All pass).

INTERNSHIP

Java Programming | Nxtlogic Software Solutions | June 2025

- Acquired knowledge of Java fundamentals and OOP concepts.
- Enhanced programming and problem-solving skills through practical coding exercises.

PROJECTS

Title:
Inclusive AI Based Smart Automation with Real Time Emergency Alerts.

Tools:
Arduino Uno, VS Code, MediaPipe, PySerial, Arduino IDE, OpenCV.

Description:
Developed an AI-based smart assistive automation system that enables hands-free control of home appliances through voice commands and hand gestures. The system integrates computer vision and speech recognition technologies to provide an accessible and user-friendly solution for elderly and physically challenged individuals. It features real-time fall detection and emergency gesture recognition, automatically sending instant alerts to caregivers to ensure timely assistance during critical situations.

SKILLS

- **Programming Skills:** Java,C.
- **Soft Skills:**Teamwork,Adaptability,Problem solving.

CERTIFICATION

- NPTEL Certification in **Introduction to Industry 4.0 and IIoT** – Indian Institute of Technology Kharagpur.
- Value Added Course in **Embedded System with AI Automation** – Galwin Technology.
- Value Added Course in **Core Java**.

HACKATHON

- Participated in **TANCAM's Hackathon TNWISE 2026** at Periyar Maniammai Institute of Science & Technology.
- Participated in SMART INDIA HACKATHON 2025 in the title of "**AI Powered Career Guidance and Internship Recommendation Platform for Students**" and "**Eco-Friendly Smart Management System with Real-time Monitoring and Alerts**".
- Participated in SMART INDIA HACKATHON 2024 in the title of "**Non-Electrical Sun Tracker for Solar Panel**".

ACHIEVEMENTS

- Secured **1st Prize** for the project **Inclusive AI-Based Smart Assistant Automation with Real-Time Emergency Alerts** in a Hackathon at M.Kumarasamy College of Engineering (Feb 2026).
- Achieved **1st Prize** in Project Presentation at M.P.Nachimuthu N Jaganathan Engineering College (Feb 2026).
- Secured **2nd Prize** in **E2C Hunt** and **3rd Prize** in **Circuit Debugging** at Paavai College of Engineering (Apr 2024).
- Won **2nd Prize** in Paper Presentation on **Optoelectronic Devices** at Muthayammal College of Engineering (Apr 2024).
- Received **2nd Prize** in both Paper and Project Presentation for **Real-Time Hand Gesture Controlled Home Automation for Disabled People** at Kongu Engineering College (Sep 2025).
