## CAREER OBJECTIVE:

Motivated and aspiring software developer seeking an entry-level opportunity to apply my knowledge of Java, SQL, and problem-solving skills. Eager to learn new technologies, develop efficient software solutions, and contribute effectively to organizational growth.

## EDUCATIONAL QUALIFICATION:

- Bachelor of Engineering | R.M.D Engineering College, Kavaraipettai | 2023 - 2027
  with a CGPA of 7.45 in Electronics and Communication Engineering.
- Intermediate | SR Junior College, Tirupati | 2021 - 2023 | Completed with a Percentage of 87.3%
- SSC | Rami Reddy Raayalaseema High School, Tirupati | 2020 - 2021| Completed with a Percentage of 100%

## TECHNICAL SKILLS:

- Programming Languages : Java, C (Basics), C++ (Basics)
- Database : MySQL
- Web Technologies : HTML, CSS, JavaScript (Basics)
- Concepts : OOP, DSA (Basics)
- Tools : Git, GitHub, VS Code, MySQL Workbench

## PROJECTS:

- **Electrical Protection and Fault Prediction System using Raspberry Pi Zero**
  Developed an Electrical Protection and Fault Prediction System for real-time voltage and current monitoring, automatic fault detection, relay-based power cut-off, and predictive trend analysis to improve electrical safety and prevent appliance damage using Raspberry Pi Zero.
- **Smart Warranty Management System**
  Developed a Java-based web application using JSP, Servlets, JDBC, MySQL, Maven, Apache Tomcat, HTML, CSS, and JavaScript. Implemented secure user authentication, CRUD operations, and automated warranty expiry tracking. Designed using the MVC architecture and successfully deployed on Apache Tomcat.

## INTERNSHIPS:

- **Java Programming | Dec 2024 – Jan 2025**
  Gained practical experience in Core Java, object-oriented programming, problem-solving, and application development through hands-on coding tasks and projects. Worked on implementing Java programs while strengthening programming logic and debugging skills.
- **PLC, Production and Maintanance | May - June 2025**
  Completed industrial training in PLC, Production, and Maintenance at Vermeiren India Rehab Pvt. Ltd., gaining practical exposure to industrial automation and manufacturing processes. Demonstrated strong work ethic and technical learning ability during the training period.

## CERTIFICATIONS:

- NPTEL Certified in Introduction To Internet Of Things (Score: 69% Elite)
- NPTEL Certified in Programming in Java ( Score: 83% Elite + Silver)
- NPTEL Certified in Problem Solving Through Programming in C ( Score: 54%)
- NPTEL Certified in Database Management System ( Score: 69% Elite)

## ACHIEVEMENTS:

- Solved 850+ programming problems on the Skillrack coding platform.
- Earned Silver Badge in Java on HackerRank.
- Presented a technical paper on "Electrical Protection and Fault Prediction System" at a technical symposium.

## STRENGTHS:

- Problem Solving, Quick Learner, Team Collaboration, Analytical Thinking, Adaptability
