CHANDIKA K

Namakkal, Tamil Nadu, India +91-8667355030 chandikakumar.nkl@gmail.com
chandika-k-34aaa4339 Chandika02

Professional Summary

Adaptable engineering undergraduate skilled in Java, SQL, and modern web frameworks, with hands-on project experience ranging from AI-driven platforms and published research paper,. Recognized through technical awards and corporate internship exposure. Eager to bring a continuous learning mindset to an enterprise IT environment.

Education

M. Kumarasamy College of Engineering 2023–2027
B.E. Electronics and Communication Engineering CGPA: 8.28

Little Angels Higher Secondary School 2022–2023
Higher Secondary (State Board) Score: 81.5%

The Spectrum Academy Matriculation School 2020–2021
SSLC (State Board)

Technical Skills

- **Programming Language:** Java
- **Core Fundamentals:** OOPs, Database Management Systems
- **Databases & Web Basics:** MySQL, HTML/CSS

Projects

VeraBeauty | Full-Stack E-Commerce Platform

- Engineered a full-stack e-commerce platform using Spring Boot (Java), React (Vite), and PostgreSQL (Supabase) to handle RESTful order processing and live product inventory management.
- Integrated the Google Gemini API to analyze customer hair profiles and dynamically generate personalized, AI-driven hair care routines and product recommendations.
  Tools & Technologies: Spring Boot, Java, React, Vite, PostgreSQL, Supabase, Google Gemini API, RESTful APIs

Automated Lab Usage and Maintenance System using RFID

- Designed and developed a web-based management system to streamline student records, lab equipment details, access requests, and usage tracking.
- Engineered PHP/MySQL REST endpoints to integrate ESP32 and RFID RC522 hardware for real-time student authentication and session tracking.
  Tools & Technologies: PHP, MySQL, ESP32 Microcontroller, RFID RC522, REST APIs, Web Technologies

Internship Experience

Product Development Team Intern – Sigma Engineering Services (SES), Coimbatore *July 2025*

- Gained hands-on exposure to electronics product development and testing workflows, collaborating with cross-functional engineers on circuit-level concepts and real-time industrial processes.

Certifications

- NPTEL Certification in Cloud Computing — IIT Kharagpur, Elite Grade (64%), Jan–Apr 2025
- NPTEL Certification in Network Security — IIT Bombay, Elite Grade (60%), Jan–Apr 2026

Publications

- "Smart Crop Disease Detection and Action" — Published and presented at the 10th IEEE International Conference on Smart Structures and Systems (ICSSS 2025), Saveetha Engineering College, Dec 2025.

Achievements & Activities

- Won Second Prize in Product Expo at "LUNARA'26" (Bannari Amman Institute of Technology, Apr 2026) for "Automated Lab Usage and Maintenance System using RFID".
- Presented "Smart Crop Disease Detection and Action System" at CREAFEST'25, National Level Technical Symposium, KPRIET, Oct 2025.
- Participated in "CICADA'25" — National Level Hackathon, KPRIET, Oct 2025.
