PROFILE SUMMARY

Dedicated B.Sc. Chemistry graduate with a strong foundational understanding of scientific principles, laboratory methodologies, and analytical techniques. Possesses excellent technical writing capabilities, making complex scientific data easy to document and understand. Seeking an entry-level role in Healthcare Services, Medical Coding, or Pharmaceutical Operations where accuracy, safety protocols, and detail-oriented research are highly valued.

KEY SKILLS

- Chemical Research & Analysis
- Laboratory Safety Protocols
- Data Analysis & Documentation
- Attention to Detail
- Medical Coding Eligibility
- Technical & Scientific Writing
- Quality Control Awareness
- Critical Thinking

EDUCATION

Bachelor of Science (B.Sc.) in Chemistry *Graduation Year: 2019*
Periyar University, Salem

LABORATORY EXPERIENCE & ACADEMIC PROJECTS

Laboratory Practical Frameworks *Periyar University*

- Conducted various chemical testing and research experiments as part of the core scientific curriculum.
- Maintained rigorous lab notebooks, ensuring highly accurate reporting, data analysis, and alignment with lab safety protocols.
- Translated experimental results into clear, concise analytical reports.
