Professional Summary

Motivated and adaptable professional with strong problem-solving abilities developed through projects and hackathons. Eager to leverage technical expertise in a collaborative setting and contribute to creating impactful software solutions while actively contributing to all phases of the software development life cycle.

Education

Bachelor of Engineering – Electronics and Communication Engineering 2023 – 2027
Kongunadu College of Engineering and Technology *CGPA: 6.23*

Higher Secondary Education 2022 – 2023
Amala Matric Higher Secondary School *Percentage: 71.5%*

Technical Skills

Core Electronics	Embedded Systems, PCB Design, Digital Electronics
Programming Language	Java
Tools	OrCAD, Multisim, GitHub, VS Code, Arduino IDE

Internship

Media Wave Technologies June 2025
MySQL Database Intern

- Worked on front-end web development using HTML and CSS.
- Gained practical experience in building responsive web pages.
- Improved problem-solving skills and understanding of IT project workflows.

Projects

IoT-Based Automated Solar Railway Track Inspection Trolley

- Developed an IoT-based automated solar-powered railway track inspection trolley for real-time crack detection using a laser sensor.
- Integrated ultrasonic, GPS, and GSM modules for obstacle detection, accurate crack location tracking, and real-time SMS alerts.

IoT-Based Gas Leakage Detection & Alert Bot

- Designed and developed an IoT-based system to detect gas leakage using a gas sensor.
- Implemented an alert mechanism to provide immediate notification when gas leakage is detected.

Certifications

- Java Programming
- Embedded System

Hackathon Participations

- Participated in an **Intel GenAI Hackathon** and developed a Hospital Queue Management System to streamline patient scheduling and improve healthcare service efficiency
- Participated in **SIH 2024 Hackathon** and proposed an innovative technology-based idea to address real-world challenges
- Participated in **MSME** (2024 & 2025)

Soft Skills

Team Leadership	Critical Thinking	Problem Solving
Analytical Thinking	Logical Thinking	Adaptability
