SKILLS

- Java
- C++
- IOT
- Team Work
- Time Management

LANGUAGES

- English
- Tamil

CERTIFICATE

- VACEC14 - Embedded System with AI Automation
- VACAD03 CORE JAVA

PROFILE

I am an Electronics and Communication Engineering (ECE) student with a foundation in Java programming. I have a strong interest in technology, problem-solving, and software development. I am eager to apply my technical knowledge, learn new skills, and gain practical experience through challenging opportunities. I am a quick learner, a team player, and committed to continuous improvement and professional growth.

ECE student with a foundation in Java and a passion for technology and programming. Strong analytical and problem-solving skills, eager to learn new technologies and contribute effectively in a professional environment.

INTERNSHIP

Edify Techno Solution,
chennai

IOT Based & Embedded System

- Completed an internship in IoT and Embedded Systems, gaining practical experience with microcontrollers, sensors, and embedded programming. Worked on IoT-based projects and learned hardware-software integration techniques.

PROJECT

FOOTSTEP – DRIVEN POWER GENERATION AND REALTIME IoT MONITORING

- Designed and implemented a footstep-powered energy generation system using piezoelectric sensors with real-time IoT monitoring.
- Integrated embedded systems and IoT technology to collect, monitor, and display power generation data for sustainable energy applications.

EDUCATION

Kamarajar Higher Secondary School, Namakkal 2022-2023

Kongunadu College Of Engineering And Technology, Trichy 2023-2027
