

SANDHIYA P

Electronics and Communication Engineer

sandhiyapadmanathan16@gmail.com +91 63826 47285

Trichy

OBJECTIVE

Motivated Electronics and Communication Engineering student with a strong foundation in Java programming, Object-Oriented Programming, Data Structures and Algorithms, SQL, and problem-solving. Seeking an opportunity to apply my technical skills, contribute to real-world projects, enhance my knowledge, and continuously grow in a professional environment.

EDUCATION

BE Electronics and Communication Engineering | 86.9% 2023 – 2027 | Trichy
KonguNadu College of Engineering and Technology

HSC | 84.6% 2022 – 2023 | Namakkal
Little Angels Hr Sec School.

SKILLS

Programming Languages
Java

Database
SQL

Web Technologies
HTML, CSS

Core Concepts
OOP, Collections, Exception Handling, DSA

INTERNSHIP

Java Intern June 2025 | Trichy
Greensoft Groups

- Completed an internship focused on Java programming.
- Gained hands-on exposure to Core Java concepts, including Object-Oriented Programming (OOP), exception handling, and collections.
- Developed small Java programs to strengthen programming and problem-solving skills.
- Gained practical understanding of software development fundamentals.

PROJECTS

Smart Cold Chain Organ Preservation System

- Developed an IoT-based system to monitor organ transportation conditions.
- Integrated Arduino UNO, DHT11, MQ135, GSM SIM800L, and sensors.
- Sent SMS alerts when temperature or environmental conditions exceeded safe limits.
- Improved real-time monitoring to help reduce the risk of organ spoilage.

Packet Sniffer Tool for Network Analysis

- Developed a packet sniffer tool to capture and analyze network traffic.
- Monitored incoming and outgoing packets to understand network communication.
- Analyzed packet details such as source IP, destination IP, protocol, and packet size.
- Strengthened knowledge of computer networks, TCP/IP protocols, and packet analysis.
- Improved debugging and network troubleshooting skills through real-time traffic analysis.

CERTIFICATIONS

- Certificate in Web Design – Bharathidasan University (IECD)
- Embedded Systems with AI Automation (VACEC14 – Value Added Course) – Kongunadu College of Engineering and Technology, Nov 2025
- NPTEL – Introduction to Internet of Things
- Core Java (Value Added Course) – Kongunadu College of Engineering and Technology, Sep 2024
- NPTEL – Introduction to Industry 4.0 and Industrial Internet of Things

AWARDS

Second Prize – 24 Hours Tezario Hackathon 2024
Kongunadu College of Engineering and Technology | March 2024
