CAREER OBJECTIVE

Data Science enthusiast skilled in Machine Learning, Deep Learning, and real-time data processing. Adept at building scalable AI solutions that enhance efficiency and decision-making. Passionate about leveraging data-driven insights to solve real-world problems.

EDUCATION

Bachelor of Technology in Artificial Intelligence and Data Science | CGPA 8.3
Sri Vidhya Bharati Matric Higher Secondary School, Salem | 89.33 % in 12th Board.
Chinmaya Vidyalaya Matric School, Salem | 92.8% in 10th Board.

PROFESSIONAL EXPERIENCE

Research Intern – National Institute of Technology, Calicut **May 2024 - July 2024**

- Implemented Faster R-CNN for real-time vehicle detection and classification, improving accuracy by 12%.
- Designed an intelligent traffic management system reducing congestion in simulated environments by 20%.

IoT Intern – eDigiM Research Pvt Ltd **3 Feb 2024- 20 Feb 2024**

- Integrated multiple IoT sensors for real-time data acquisition.
- Developed automation workflows that improved data reliability and system responsiveness.

PROJECTS

Custom Data Q&A Chatbot using Mistral V1 7B

- Built a custom QA chatbot using LangChain, FAISS, and LlamaCpp for real-time contextual responses.
- Integrated Streamlit frontend and Hugging Face models for interactive user experience.

Dynamic Traffic Scheduling

- Designed a machine learning-based traffic scheduling system using Python and OpenCV.
- Reduced simulated congestion time by 15% through optimized signal control.

Dynamic s Transparent Seat Allocation for Indian Railways

- Developed a real-time seat allocation algorithm enhancing transparency and efficiency.
- Published in IEEE Xplore at ICPECTS 2024.

TECHNICAL SKILLS AND INTEREST

- **Programming:** C, Python.
- **Tools**: VS Code, Jupyter Notebook, Google Colab, Excel, Google Sheets.
- **Databases:** SQL, MongoDB.
- **Relevant Coursework**: Database Management System, Machine Learning, Computer Networks, Internet of Things.
- **Areas of Interest:** Data Analytics, Database Management System, Machine learning.
- **Soft Skills:** Problem Solving, Critical thinking, Self-learning, Team player, Adaptability, Networking.

CERTIFICATIONS

- **Coursera:** Stanford Machine Learning Specialization (2024).
- **NPTEL:** Python for Data Science, Human Computer Interfaces, Blockchain and its Applications.
- **Oracle**: AI Vector Search, Cloud Infrastructure, Redwood Application (2025).

ADDITIONAL INFORMATION

- **Languages:** English, Tamil.
- **Publications:** 'Dynamic & Transparent Seat Allocation for Indian Railways', ICPECTS 2024, IEEE Xplore.
