PROFILE SUMMARY

B.Tech Information Technology graduate with internship experience at Ideal Formatic Software Technology. Passionate about data engineering, data cleaning, and automation. Skilled in Python, SQL, Pandas, Power BI, and Excel, with practical exposure to data handling, reporting, and analytical workflows. Open to entry-level roles in data analytics or data engineering.

PROFESSIONAL EXPERIENCE

Ideal Formatic Software Technology
Designation: Intern | Duration: May 2025 – Present

- Working on ETL-based data cleaning using Python and SQL.
- Handling sample real-world data and building reports.
- Documenting processes using Jupyter Notebook.
- Understanding version control with Git and basic cloud storage with GCP.

TECHNICAL SKILLS

SQL: SQL Queries | Joins | Subqueries | Data Filtering | Data Sorting | Aggregate Functions | Data Extraction | ETL
Python: Python | Pandas | NumPy | Data Cleaning | Data Manipulation | Data Analysis | Jupyter Notebook | Automation
Power BI: Data Visualization | Dashboard Creation | Data Modeling | Power Query | DAX Basics | KPI Reports | Interactive Reports
Excel: Data Cleaning | Data Validation | Pivot Tables | VLOOKUP | XLOOKUP | IF Functions | Charts | Reporting
Core Concepts: Data Cleaning | ETL Pipelines | Data Structures | Data Analytics | Data Preprocessing | Data Transformation | Data Visualization | Reporting
Tools: Jupyter Notebook | Google BigQuery | Git | GitHub | MS Word | PowerPoint

ACADEMIC PROJECTS

- Retail Data ETL Pipeline – Created a basic ETL pipeline using Python, Pandas, and BigQuery to load and clean retail sales data.
- IoT-Based Weather Monitoring – Built a weather tracking prototype using sensors to collect real-time temperature & humidity data and display results using microcontroller output.

CERTIFICATIONS & TECHNICAL PARTICIPATION

- Data Analytics Course – Completed (SQL, Python, Power BI, Excel, Data Visualization & Reporting)
- IoT Internship – Wings Technocrats (Feb–Mar 2024)
- Data Structures Workshop – ATS (March 2025)
- Code Debugging Symposium – Jayalakshmi Institute of Technology (March 2025)
- Technical Quiz – Dhirajlal Gandhi College of Technology (April 2024)
- Paper Presentation & Quiz – Hindusthan Institute of Technology (April 2025)
- CHAKRAVYUH'25 Technical Event – Jayalakshmi Institute (March 2025)

ACHIEVEMENTS & ACTIVITIES

- 2nd Prize – Intra-College Chess Competition, 2025.
- Represented college in multiple hackathons, quizzes, and coding events.
- Active participant in workshops and technical fests.

EDUCATION

B.Tech in Information Technology
RP Sarathy Institute of Technology, Tamil Nadu | 2022 – 2026

Diploma in Mechanical Engineering
Shreenivas Polytechnic Engineering College, Tamil Nadu | 2019 – 2022
